Now, reporter Michael Fleeman delivers a startling glimpse into the mind of a woman who would stop at nothing to get what she wanted. Former Treadstone Operative Adam Hayes finds himself at the center of a web of warring factions and high-level secrets in the second novel in the Treadstone series, the newest addition to the Robert Ludlum universe. Forced to make an unexpected landing, his plane is damaged and he is left in a hornet's nest of trouble. In order to get back in the air, Hayes agrees to transport a passenger—Zoe Cabot, the daughter of a tech baron—to a small coastal city. But just after Hayes completes his flight, Zoe is kidnapped. During his search for Zoe, Hayes runs afoul of multiple enemies, including a rogue Treadstone operative, all of whom are searching for him—and for the information about a wire transfer of millions of dollars bound for the relief effort in Burkina Faso. summer of 1998 two of baseball leading sluggers, Mark McGwire and Sammy Sosa, embarked on a race to break Babe Ruth's single season home run record. The nation was transfixed as Sosa went on to hit 66 home runs, and McGwire 70. Three years later, San Francisco Giants All-Star Barry Bonds surpassed McGwire by 3 home runs in the midst of what was perhaps the greatest offensive display in baseball history. Over the next three seasons, as Bonds regularly launched mammoth shots into the San Francisco Bay, baseball players across the country were hitting home runs at unprecedented rates. For years there had been rumors that perhaps some of these players owed their success to steroids. But crowd pleasing homers were big business, and sportswriters, fans, and officials alike simply turned a blind eye. Then, in December of 2004, after more than a year of investigation, San Francisco Chronicle reporters Mark Fainaru-Wada and Lance Williams broke the story that in a federal investigation of a nutritional supplement company called BALCO, Yankees slugger Jason Giambi had admitted taking steroids. Barry Bonds was also implicated. Immediately the issue of steroids became front page news. The revelations led to Congressional hearings on baseball's drug problems and continued to drive the effort to purge the U.S. Olympic movement of drug cheats. Now Fainaru-Wada and Williams expose for the first time the secrets of the BALCO investigation that has turned the sports world upside down. Game of Shadows: Barry Bonds, BALCO, and the Steroid Scandal That Rocked Professional by award-winning investigative journalists Mark Fainaru-Wada and Lance Williams, is a riveting narrative about the biggest doping scandal in the history of sports, and how baseball's home run king, Barry Bonds of the San Francisco Giants, came to use steroids. Drawing on more than two years of reporting, including interviews with hundreds of people, and exclusive access to secret grand jury testimony, confidential documents, audio recordings, and more, the authors provide, for the first time, a definitive account of the shocking steroids scandal that

made headlines across the country. The book traces the career of Victor Conte, founder of the BALCO laboratory, an egomaniacal former rock musician and self-proclaimed nutritionist, who set out to corrupt sports by providing athletes with “designer” steroids that would be undetectable on “state-of-the-art” doping tests. Conte gave the undetectable drugs to 28 of the world’s greatest athletes—Olympians, NFL players and baseball stars, Bonds chief among them. A separate narrative thread details the steroids use of Bonds, an immensely talented, moody player who turned to performance-enhancing drugs after Mark McGwire of the St. Louis Cardinals set a new home run record in 1998. Through his personal trainer, Bonds gained access to BALCO drugs. All of the great athletes who visited BALCO benefited tremendously—Bonds broke McGwire’s record—but many had their careers disrupted after federal investigators raided BALCO and indicted Conte. The authors trace the course of the probe, and the baffling decision of federal prosecutors to protect the elite athletes who were involved. Highlights of Game of Shadows include: Barry Bonds A look at how Bonds was driven to use performance-enhancing drugs in part by jealousy over Mark McGwire’s record-breaking 1998 season. It was shortly thereafter that Bonds—who had never used anything more performance enhancing than a protein shake from the health food store—first began using steroids. How Bonds’s weight trainer, steroid dealer Greg Anderson, arranged to meet Victor Conte before the 2001 baseball season with... John Holtz was one of those uk-oh babies born to midforties parents. One decision. One family's future in ruins. When Jake Buckman decides to let Ryan, his sixteen-year-old son practice driving home along a deserted street, he has no idea of the deadly consequences. But in the darkness of night, a runner comes from nowhere and the hit is fatal. Now Jake and Ryan have two options: admit Ryan's responsibility ... or drive home as though nothing happened. What she dreamed would be glamorous and satisfying turned out to be grueling and thankless. Deciding she is done, Faith packs up and, with the flip of the bird to the rearview mirror, leaves New York and heads home to Colorado. She has nothing there: no job, nowhere to live, no relationship with her father. Truth is, she barely has a relationship with herself. On the drive home, she finds herself in Wynter, a tiny mountain town at the foot of the Rockies. Looking more like it belongs in a made-for-TV Christmas movie than on the map, Faith is utterly enchanted. When she tries her luck and buys a raffle ticket at Pop's, Wynter's charming café, her prize is far more than meets the eye—or the heart. Enter Wyatt, a feisty, sexy southerner and waitress at Pop's, who just happens to be married to a local sheriff's deputy. All is not as it appears with the All-American boy and his Georgia peach. A memoir by award-winning actor Mena Suvari, best-known for her iconic roles in *American Beauty*, *American Pie*, and *Six Feet Under*. *The Great Peace* is a harrowing, heartbreaking coming-of-age story set in Hollywood, in which young teenage model-turned-actor Mena Suvari lost herself to sex, drugs and bad, often abusive relationships even as blockbuster movies made her famous. It's about growing up in the 90s, with a soundtrack ranging from The Doors to Deee-Lite, fashion from denim to day-glo, and a woman dealing with the lasting psychological scars of abuse, yet knowing deep inside she desires so much more from life. Within these vulnerable pages, Mena not only reveals her own mistakes, but also the lessons she learned and her efforts to understand and grow rather than casting blame. As such, she makes this a timeless story of girl empowerment and redemption, of somebody using their voice to rediscover their past, seek redemption, and to understand their mistakes, and ultimately come to terms with their power as an individual to find a way and a will to live—and thrive. Poignant, intimate, and powerful, this book will resonate with anyone who has found themselves lost in the darkness, thinking there's no way out. Ultimately, Mena's story proves that, no matter how hopeless it may seem, there's always a light at the end. Jeb Bingham seeks revenge after going through a nasty divorce.
