ISBN: 9781741252996 AUTHOR: Jim Stamell RRP: \$39.95 PAGES: 428 pp. SPECIFICATION: Softcover, perfect bound, 280 mm x 210 mm STATUS: New edition PUBLICATION DATE: April 2008 The EXCEL HSC Chemistry guide is directly linked to the syllabus with every single dot point of the HSC Chemistry syllabus appearing in the margin of the book. You can write in the guide, so your study is focused and your notes are structured. This guide comes in a brand new format that makes even better use of your study time! up-to-date coverage of the core topics plus 3 Option topics: Industrial Chemistry, Shipwrecks, Corrosion and Conservation and Forensic Chemistry. this guide is organised just like the HSC syllabus, so the students learn to section (the theoretical part) is under routine headings and the students section (the practical part) is under headings like First-hand/Second-hand and Investigations and Problem Solving - %this way you will be able to see at a glance what the theoretical and practical work is! all main headings in each chapter (1. 1, 2. 1, etc.) are directly from the syllabus, word for word %this way you can easily match the Excel guide to the syllabus! an alphabetical list of all the key definitions and concepts you should know from each chapter %an efficient way of learning all the definitions in one go! chapter syllabus checklist with every single dot point listed in checklist form for each chapter %a fantastic way of testing that you know all the work ! hundreds of key concept questions with answers %questions that test you recall of knowledge in each chapter. HSC-type questions for every section in each chapter with clock icons to tell you how much time you will have to answer the questions in the HSC %this way you can test yourself on HSC-type questions under HSC-type time pressure! an examiner maximiser feature, ticks to show the mark distribution and answers to all HSC-type questions - %all you need to answer HSC-type questions! two sample HSC papers with an examiner maximiser feature plus answers %not one but two up-to-date sample papers ! the Excel syllabus summary notes: a detachable section at the end of the guide, where every single dot point of each chapter is summarised for you% - a comprehensive and compact summary of the whole course in 32 pages! The act of effective note-taking is a skill for life; it is more than an aid to learning, it is a valuable skill for all continuing education at seminars and conferences, in the boardroom and office and for in-service training events. Note-taking is not only an aid to memory, it is essentially a practical means to understanding what is being discussed in meetings of all kinds through personal involvement. The suggestions for note-taking are applicable at secondary school level and through to undergraduate and post-graduate levels. Writing for Academic Success is a vital practical guide for any ambitious student. If you seek to manage your writing effectively, reduce stress, and improve your confidence and efficiency, this book is for you. The authors show you how to acquire communicative rigor in research essays, reports, book and article reviews, exam papers, research proposals, and literature reviews, through to thesis writing, posters and papers for presentation and publication. This second edition has been fully revised to reflect the online learning explosion. The authors provide insightful new material about how to work productively in different online contexts such as with blogs and wikis, setting up an e-portfolio, and raising an online profile. They also set out a focused guide to issues unique to digital communication, and working with and across different media and technologies. The book includes advice on common writing concerns, cross-cultural and inter-disciplinary practices, a list of helpful words and phrases, and subject-specific examples of writing ranging from economics to philosophy to medicine. Writing for Academic Success is essential for undergraduate and postgraduate students both in taught courses and conducting research. Student Success is a series of essential guides for students of all levels. From how to think critically and write great essays to boosting your employability and managing your wellbeing, the Student Success series helps you study smarter and get the best from your time at university. The SAGE Course Companion on Financial Accounting is an accessible introduction to the subject that will help readers to master key concepts and enhance their thinking skills in line with course requirements. It provides support on how to revise for exams and prepare for and write assessed pieces. Designed to compliment existing textbooks for the course, the companion provides: - Easy access to the key issues in Financial Accounting - Practice questions and sample answers to help you prepare for exams and assignments - Tips to help you remember key points and earn extra marks - Helpful summaries of the approach taken by the main course textbooks - Guidance on the essential study skills required to pass the course

The SAGE Course Companion on Financial Accounting is much more than a revision guide for undergraduates; it is an essential tool that will help readers take their course understanding to new levels and help them achieve success in their undergraduate course. Specifically written with the needs of teaching assistants who are undertaking the foundation degree in mind, this book clearly explains what is expected from study in Higher Education and how this can be put into practice by including: clear definitions of the key techniques for effective university study; practical activities, handy hints and reflective questions; unique chapters that focus upon exams, essay-writing, revision, portfolios, presentations and displays; and examples based on the experiences of real teaching assistants. Assuming no previous study experience, the easy-to-use approach of this text should be key to the successful study of teaching assistants who are returning to formal academic training after many years. The detailed solution to each test is provided at the end of the book. The book also contains the list of essays asked in the last 14 years of XAT and a list of essays for practice. Intangible, invisible and worth trillions, risk is everywhere. Its quantification and management are key to the success and failure of individuals, businesses and governments. Whether you're an interested observer or pursuing a career in risk, this book delves into the complex and multi-faceted work that actuaries undertake to quantify, manage and commodify risk—supporting our society and servicing a range of multi-billion-dollar industries. Starting at the most basic level, this book introduces key concepts in actuarial science, insurance and pensions. Through case studies, explanations and mathematical examples, it fosters an understanding of current industry practice. This book celebrates the long history of actuarial science and

poses the problems facing actuaries in the future, exploring complex global risks including climate change, aging populations, healthcare models and pandemic epidemiology from an actuarial perspective. It gives practical advice for new and potential actuaries on how to identify an area of work to go into, how best to navigate (and pass!) actuarial exams and how to develop your skills post-qualification. A Risky Business illuminates how actuaries are central to society as we know it, revealing what they do and how they do it. It is the essential primer on actuarial science. This lively, concise and to-the-point guide offers hints and practical suggestions to help you develop good exam-preparation skills and build your confidence, so that you can get results that do justice to the work you've put in. Why is it that so many good, hardworking students put in loads of effort into studying but don't seem to get the results they want? Have you ever wondered how top students ALWAYS seem to get astounding grades exam after exam? What is the magic formula?? In *The A Lister*, Ho Khinwai spills the beans on the secrets to scoring 'A's consistently - the exact, proven strategies and tips that top students have been keeping away from you for years! In these pages you will uncover... --How to get motivated to study --The most important traits of highly successful students --Debunking the myths of getting 'A's --How to find out your learning style --10 Powerful Strategies in Every A-Listers' Arsenal --How to stop procrastinating! --How to be ahead of your student competition --New Strategies for 21st Century students --How to Survive your finals --Your most powerful tool to get 'A's --and so many more... The pressure to change our bodies is overwhelming. We strive to defy ageing, build our biceps, cure our disabilities, conceal our quirks. Surrounded by filtered photos and surgically-enhanced features, we must contort our physical selves to prejudiced standards of beauty. Perfection is impossible, and even an acceptable body seems out of reach. In this thought-provoking, original work, acclaimed political philosopher Clare Chambers argues that the unmodified body is a key political principle. While defending individuals' right to change their bodies, she argues that the social pressures to modify undermine equality. She shows how the connected ideas of the natural body, the normal body, and the whole body have been used both to disrupt and to maintain social hierarchies - sometimes oppressing, other times liberating. The body becomes a site of political importance- a place where hierarchies of sex, gender, race, disability, age, and class are reinforced. Through a clear-sighted analysis of the power dynamics that structure our society, and with examples ranging widely from bodybuilding to breast implants, deafness to male circumcision, biology to gender identity, Intact stresses that we must break away from the oppressive forces that demand we alter our bodies. Instead, it offers a bold, transformative vision of the human body that is equal without expectation. After completing this book, you will be able to:

- Pursue subject specific writing skills and techniques which will yield you the highest marks in the exams.
- Memorize all the concepts in sequence and page by page by using simple and effective memory techniques.
- Get amazing results by applying innovative revision techniques and different types of learning methods.
- Self-study almost anything without anyone's help and cultivate self-confidence to learn almost anything.
- Score extra marks without additional hard work. Just apply the smart tips given in the book.
- Score more even if you have less time for preparation.
- Become an all-rounder student, who can be a champion not only in studies but in all extra-curricular activities too.
- Use unique intelligent score card technique, with the help of which one can find out the weaker part and step by step techniques to convert it into powerful grade-earning skills. Gift this book to your kids. It will help them remain focused in studies improve their learning skills which will ultimately lead to improvement in results. Every student (above ten years of age) on this planet should read this book. Once you read and apply the methods given in this book, you will not be an average student anymore. *This Course Companion in Criminal Justice* by Ursula Smartt is to be applauded. It is an essential handbook for all students and practitioners who are studying the criminal justice system. The user-friendly framework provides students with practical support in how they can organise their approach to studying to maximise their knowledge and revision skills. I have no hesitation in commending this Companion as a valuable complementary text' - Professor Allyson MacVean, John Grieve Centre for Policing & Community Safety, Buckinghamshire Chilterns University College "Congratulations to Ursula Smartt and Sage on a most welcome 'skills' text for Criminal Justice students... The book is concise, clear, well-organised and accessible - highly recommended." Stephen Parrott, Birkbeck, University of London *Criminal Justice* by Ursula Smartt is part of an exciting new series from SAGE. It is designed to help students to make the most of their undergraduate or foundation course in criminal justice or criminology. Developed as accessible reference tools, SAGE Course Companions offer an introduction to the subject and encourage students to extend their understanding of key concepts, issues and debates. *Criminal Justice* This book provides a basic grounding in criminal justice, alongside pointers to further reading and advice on study skills. It can be used as an overview of the subject and referred to throughout the degree for tips and revision guidance. Smartt's *Criminal Justice* is designed to complement, rather than replace, existing textbooks for the course, and will provide: - Helpful summaries of the course curriculum to aid exam revision and essay planning - Key summaries of the approach taken by the main textbooks on the course - Guidance on the essential study skills required to pass the course - Help with developing critical thinking - Route-maps to aid the development of wider learning above and beyond the textbook - Pointers to success in course exams and written assessment exercises - A tutor's-eye view of what course examiners are looking for - An insider's view of what key course concepts are really all about SAGE Course Companions are much more than revision guides for undergraduate. They are an essential tool to success in undergraduate courses, enriching the learning experience and developing students' understanding. *Social Psychology* provides student readers with essential help with all aspects of their first course in social psychology, including advice on revising for exams, preparing and writing course assessment materials, and enhancing and progressing their knowledge and skills in line with course requirements on a social psychology course. *I Passed The Exam: The Ultimate Guide to Prepare Exam, Pass Exam & Getting Good Grades* We've all heard comments on how much someone dreads taking exams.
