This book looks at several troop categories based on primary function and analyzes the ratio between these categories to develop a general historical ratio. This ratio is called the Tooth-to-Tail Ratio. McGrath's study finds that this ratio, among types of deployed US forces, has steadily declined since World War II, just as the nature of warfare itself has changed. At the same time, the percentage of deployed forces devoted to logistics functions and to base and life support functions have increased, especially with the advent of the large-scale use of civilian contractors. This work provides a unique analysis of the size and composition of military forces as found in historical patterns. Extensively illustrated with charts, diagrams, and tables. —New York Times Book Review (Editor's Choice) NEW YORK TIMES BESTSELLER • A BEST BOOK OF THE YEAR: San Francisco Chronicle, Christian Science

Monitor, Kirkus, Winnipeg Free Press One of the decade's most original and masterfully reported books, *A Deadly Wandering* by Pulitzer Prize – winning New York Times journalist Matt Richtel interweaves the cutting-edge science of attention with the tensely plotted story of a mysterious car accident and its aftermath to answer some of the defining questions of our time: What is technology doing to us? Can our minds keep up with the pace of change? How can we find balance? On the last day of summer, an ordinary Utah college student named Reggie Shaw fatally struck two rocket scientists while texting and driving along a majestic stretch of highway bordering the Rocky Mountains. *A Deadly Wandering* follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings on the impact technology has on our brains, showing how these devices play to our deepest social instincts. Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license

plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. Longlisted for the PEN/John Kenneth Galbraith Award for Nonfiction "A MUST-READ FOR ANYONE WHO

WANTS TO UNDERSTAND THE INTERSECTION OF RACE AND POLICE BRUTALITY IN AMERICA."-CONGRESSMAN JOHN LEWIS During his 28-year career, Matthew Horace rose through the ranks from a police officer working the beat to a federal agent working criminal cases in some of the toughest communities in America to a highly decorated federal law enforcement executive managing high-profile investigations nationwide. Yet it was not until seven years into his service- when Horace found himself face down on the ground with a gun pointed at his head by a white fellow officer-that he fully understood the racism seething within America's police departments. Through gut-wrenching reportage, on-the-ground research, and personal accounts from interviews with police and government officials around the country, Horace presents an insider's examination of archaic police tactics. He dissects some of the nation's most highly publicized police shootings and communities to explain how these systems and tactics have hurt the people they serve, revealing the mistakes that have stoked racist policing, sky-high incarceration rates, and an epidemic of violence. "Horace's authority as an experienced officer, as well as his obvious integrity and courage, provides the book with a gravitas."-THE WASHINGTON POST "The Black and the Blue is an affirmation of the critical need for criminal justice reform, all the more urgent

because it comes from an insider who respects his profession yet is willing to reveal its flaws."-USA TODAY
