The Daily Stoic Feb 18 2020 From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. The Daily Stoic offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

Handgun Buyer's Guide Nov 28 2020 The one-stop-shop for prospective handgun buyers. The market for new handguns is expanding rapidly, and that's good news for consumers. Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun, whether you're a recreational shooter, a concealed carry permit holder, a hunter or a serious competitive shooter. Today's handguns offer superb machining and utilize some of the most technologically-advanced alloys, polymers and finishes to help make the current crop of handguns lightweight, accurate, durable, and affordable. This increase in product offerings stem from new interest in handguns, primarily as a result of nationwide issuance of concealed carry permits. As laws have been enacted that protect the rights of gun owners and defend our personal liberties, more and more new shooters are showing up on the range. But first-time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest. Pistol competitions have become more popular and more advanced, evolving from slow-fire matches at local gun clubs to modern IPSC, IDPA and 3-gun competitions. Handgun Buyer's Guide will help both the bewildered new shooter find their feet and purchase a handgun, find the best accessories, and locate a place to practice on hone their skills. You'll find all you need for owning a handgun in the Handgun Owner's Guide! Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. Firearm Safety Certificate - Manual for California Firearms Dealers and DOJ Certified Instructors Sep 19 2022 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

Hand Guns, Concealed Carry, Gun Laws, Other Concerns, and Things You Should Know Nov 09 2021 My purpose and hope in writing this book about Handguns, Concealed Carry, and Legal Concerns is to impart to you knowledge to save you money. An even more important goal is to save you potential heartache; and most critical, to encourage you to protect your life and that of your loved ones. "Why and how," you ask? First, The Need: The FBI reported, "In 2010 there was a burglary every 15 seconds." One in five women in a recent survey stated they had been a victim of sexual assault. When resisting a criminal assault, an armed woman has a 400% better chance of escaping unharmed than an unarmed woman. Question: What's your plan? Just trust in Blind Luck? The Why: To purchase an inappropriate hand gun or two can cost hundreds of dollars. To run afoul of the law—that expense begins in the thousands of dollars. To be unarmed and unprepared to confront a violent attacker—that cost is incalculable. Remember: "Lightning and violence have one thing in common—they both strike somewhere." The How: There is no other single source, one volume book covering handguns, ammunition, holsters, maintenance, safes, safety, legal concerns, and miscreant misbehavior. This book is an effort to fill that void. If you are not certain that you need to know more, open the book to page IX and take a quick assessment of your knowledge. Thank you for giving me a look, and don't forget: "You make your choice and you take your chances."
