The Country Music Reader Jan 27 2021 In *The Country Music Reader* Travis D. Stimeling provides an anthology of primary source readings from newspapers, magazines, and fan ephemera encompassing the history of country music from circa 1900 to the present. Presenting conversations that have shaped historical understandings of country music, it brings the voices of country artists and songwriters, music industry insiders, critics, and fans together in a vibrant conversation about a widely loved yet seldom studied genre of American popular music. Situating each source chronologically within its specific musical or cultural context, Stimeling traces the history of country music from the fiddle contests and ballad collections of the late nineteenth and early twentieth centuries through the most recent developments in contemporary country music. Drawing from a vast array of

sources including popular magazines, fan newsletters, trade publications, and artist biographies, *The Country Music Reader* offers firsthand insight into the changing role of country music within both the music industry and American musical culture, and presents a rich resource for university students, popular music scholars, and country music fans alike.

Fables Nov 17 2022 Exiled from their homelands by an evil adversary, various fairy tale and folklore characters, referred to as "Fables", are forced to live in a clandestine community in New York City known as Fabletown. Those unable to blend in with human society (such as monsters and anthropomorphic animals) live at "The Farm" in upstate New York.

America's Most Hated Woman Jul 01 2021 Why did Life Magazine dub her "the most hated woman in America"? Did she unravel the moral fiber of America or defend the Constitution? They found her heaped in a shallow grave, sawed up, and burned. Thus ended Madalyn Murray O'Hair, the articulate "atheist bitch" whose 1963 U.S. Supreme Court case ended school prayer. Her Christian-baiting lawsuits spanned three more decades; she was on TV all over the country, foul-mouthed, witty, and passionate, launching today's culture wars over same-sex marriage and faith-based initiatives. She was a man-hater who loved sex, a bully whose heart broke for the downtrodden. She was accused of schizophrenia, alcoholism, and embezzlement, but never cowardice or sloth. She was an ideologue who spewed toxic rage even at the followers who made her a millionaire. She was a doting mother who accosted people to ask them to be sexual partners for her lonely children, and whose cannibalistic love led her children to their grave. She thrived on her fame, but just as the curtain of obscurity began to lower, the family vanished in one of the strangest of America's true crimes. This is the real story of "the most hated woman in America," by the only author to interview the killer and those close to him and to witness the family's secret

burial in Austin, Texas. From the First Chapter The sky was gray and drizzling, but it had stopped at the funeral home by quarter to nine. Billy Murray hadn't spoken to his three family members for more than twenty years, but he wanted to give them a decent burial. Bill was an ordained minister, but he didn't pray over the charred, sawed-up remains. "Baptists don't pray for the dead," he said. "They either accept Christ before they died or they didn't." He had his mother cremated in accordance with her oft-expressed wish. Her urn sat at the head of the burial vault, as was appropriate, for she had ruled the other two with an iron hand. She was Madalyn Murray O'Hair, 76, founder of American Atheists, and the Most Hated Woman in America—a sobriquet she relished. The other two were his half-brother, Jon Garth Murray, 40, and his daughter, Robin Murray-O'Hair, 30. It had taken five years to find them and bring them to the cemetery for the service, which was kept secret from the public. It was their second burial. Jerry Carruth, the prosecutor who had searched for the family for nearly four years, had watched them being excavated from their shallow mass grave on a South Texas ranch some months before. He was watching the shoveling, looking for the hip replacement joint Madalyn had gotten in 1988. When they found that, he'd know he'd found Madalyn. "There it was," he said, "shining in the sun like a trailer hitch.">

Animal Man, Deus Ex Machina May 11 2022 Buddy Baker, a.k.a. Animal Man, is about to learn the truth behind his increasingly malleable existence. The cost of the truth will be more than he could ever imagine.

Gothicka May 19 2020 To explain the millennial shift away from the traditionally dark Protestant post-Enlightenment Gothic, Nelson studies the complex arena of contemporary Gothic subgenres that take the form of

novels, films, and graphic novels. She considers the work of Dan Brown and Stephenie Meyer, graphic novelists Mike Mignola and Garth Ennis, Christian writer William P. Young (author of *The Shack*), and filmmaker Guillermo del Toro. She considers twentieth-century Gothic masters H.P. Lovecraft, Anne Rice, and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic--the late medieval period from which Horace Walpole and his successors drew their inspiration. Fictions such as the *Twilight* and *Left Behind* series do more than follow the conventions of the classic Gothic novel. They are radically reviving and reinventing the transcendental worldview that informed the West's premodern era. As Jesus becomes mortal in *The Da Vinci Code* and the child Ofelia becomes a goddess in *Pan's Labyrinth*, Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post-Christian religion in America might look like.

U.S. Uncle Sam Feb 25 2021 "Clad in star-spangled rags, a mystery man named Sam wanders the streets of an anonymous American city, struggling to remember his life. But he's plagued by inner voices and a parade of icons come to life that carry him on a time-traveling journey into the dark heart of America ... and hint at his own violent past."--

Mud on the Stars Sep 03 2021 William Bradford Huie's first novel, *Mud on the Stars*, is largely autobiographical and is set in the years 1929-1942. As in many of his later books, the theme here is of the education of the inexperienced youth, which is, after all, the quintessential American story. Drawing on his own boyhood, Huie gives the reader a detailed account of rural life and race relations in the Tennessee Valley in the early years of this century, including a vivid picture of college life at The University of Alabama during the Great Depression. Through a careful weaving of characters and events, fact and fiction, Huie's novel captures the tumultuous times before World War II in the urban South, times of social unrest and testing of new political ideologies. The book's publication in 1942 was a huge financial success, by the economic standards of the day, and not only brought Huie the acclaim his talent warranted but also focused an approving national spotlight on this prolific Alabama writer.

Comic Books and American Cultural History Jun 12 2022 Comic Books and American Cultural History is an anthology that examines the ways in which comic books can be used to understand the history of the United States. Over the last twenty years, there has been a proliferation of book-length works focusing on the history of comic books, but few have investigated how comics can be used as sources for doing American cultural history. These original essays illustrate ways in which comic books can be used as resources for scholars and teachers. Part 1 of the book examines comics and graphic novels that demonstrate the techniques of cultural history; the essays in Part 2 use comics and graphic novels as cultural artifacts; the third part of the book studies the concept of historical identity through the 20th century; and the final section focuses on different treatments of contemporary American history. Discussing topics that range from romance comics and Superman to American Flagg! and Ex Machina, this is a vivid collection that will be useful to anyone studying comic books or teaching American history.

Northern Lights Trilogy Nov 12 2019 Three Historical novels for the price of one in this eBook-e-only omnibus. From the hills of Norway to the coast of Maine, the streets of San Francisco and the Alaskan wilderness, comes this stirring trilogy about a group of Norwegian immigrants whose lives are forever intertwined. Set in the late nineteenth century, The Northern Lights series will captivate historical fiction fans. Lovers of family saga and adventure will be swept into the tender romances, as characters make important journeys toward growth and real faith. The Captain's Bride Leaving their home in Norway behind, Elsa and Peder Ramstad embark on a new life in with their closest friends, including: Kaatje Jansen, a woman seeking a new beginning for the sake of her marriage and for the child growing within her; Elsa's sister Tora, a sly young vixen who knows exactly what she wants--and exactly how to get it; and Karl Martensen, a man torn between his friendship for Peder and a forbidden, secret love for Elsa. Experience an epic saga of perseverance and passion, faith, and fidelity. Deep Harbor Determined to live "the good life," no matter the price, Tora Anders weaves a web of lies that could cost her everything she cares for-including a successful future and the man she loves. Her sister, Elsa Ramstad, has everything her

heart desires: a loving husband, a family she adores, and a fulfilling life at sea. Then tragedy strikes. Now, drawing upon her faith and all the strength she can muster, Elsa must once again discover the woman she is and who she chooses to be. Four years after her husband's disappearance, Kaatje Janssen struggles to raise two young daughters and tend her farm. But when help comes from the most unlikely source, Kaatje faces both uncertainty about the future and a deep secret from her past. And after years of grappling with his feelings for Elsa and the mistakes he has made, Karl is caught in a life of loneliness and emptiness. Can he finally accept the reality of what he once lost and open himself up to the possibility of what could be? Separated by physical distance and emotional boundaries, these four bound by friendship and family find each other once again and discover that some ties can never be broken in Deep Harbor. Midnight Sun Desperate to know if her missing husband still lives, Kaatje Janssen hires the rugged, yet tenderhearted, James Walker to guide her through the perils of the Alaskan wilderness. What she finally discovers, however, is far from what she expected...and could well place her in the greatest danger of her life. As captain of the Majestic and mother of Kristian and Eve, Elsa Ramstad has sought to ease the ache of her lonely heart. But when an old friend rekindles the spark of romance within her, will she allow the flames of love to burn again? Her foolish youth behind her, Tora Anders looks forward to her wedding and a fresh start in life as the wife of her beloved, Trent Storm. But first she must confront, face-to-face, the terrible demons of her past--and her struggle to forgive the man who radically altered her future. Though widely admired, Captain Karl Martensen feels no depth of emotion for any of the women with whom his life becomes uncomfortably entangled. He has only tender memories of the love he once lost--a love who, by the grace of God, he may just find again. Witness the glorious conclusion of The Northern Lights Trilogy as four bound by friendship journey out of the shadow of their darkest days into the bright future awaiting them in the land of the Midnight Sun.

AN Accidental Man Feb 14 2020 A scintillating novel of fate, accidents, and moral dilemmas Set in the time of the Vietnam War, this story concerns the plight of a young American, happily installed in a perfect job in England, engaged to a wonderful girl, who is suddenly drafted to a war he disapproves of. What is duty here, what is self-interest, what is cowardice? Austin Gibson Grey, the accidental man of the title, is accident-prone, also prone to bring disaster to his friend sand relations. He blames fate. But are we not all accidental, one of his victims asks. Fate and accidents make deep moral

dilemmas for the characters in the long and complex tale.

The Human Body in Contemporary Literatures in English Jun 19 2020

The human body is a recurrent theme in contemporary literatures in English. The aim of this collection of essays is to explore its multiple representations and functions within a wide range of texts drawn together from various Anglophone cultures. For thematic coherence, this volume is divided into four parts: Diseased Bodies, Invented Bodies, Gendered and Transgender Bodies, and Fragmented and Mutilated Bodies. By adopting multi-disciplinary perspectives, each group of essays illustrates the different ways in which these become multiply signifying sites of cultural and political representation, whether the mode is realistic or daringly speculative and fantastic, as in the case of genetically designed bodies, monstrous and machine bodies. This book contributes to understanding the body as a culture-specific construct.
