A book describing ongoing aliens' medical activity in Israel and all over the globe. The aliens medical team collaborates with psychics and cures humans. The author is a psychic and describes his first-hand experiences. You've been lifting for a few years. When you take your shirt off, do you look like a professional

athlete? Do you even look like you work out? Many fitness "experts" defend weights and cardio like they are infallible, but where are the results? Why does almost nobody look even marginally athletic? Fitness may be the most failed human endeavor, and you are about to see how exercise science has missed some obvious principles that when enacted will turn you into the superhuman you always wanted to be. In *Weight Lifting is a Waste of Time*, Dr. John Jaquish and Henry Alkire explore the science that supports this argument and lay out a superior strength training approach that has been seen to put 20 pounds of muscle on drug-free, experienced lifters (i.e., not beginners) in six months. This book provides the scientific trading guideline for the Forex and Stock market. The book explains the price dynamics between the turning point and trend in connection with economics. The three cases of value investing in the Stock market, fundamental analysis in the Forex market and pairs trading strategy are illustrated to explain the connection. We cover the spread and the margin of safety in detail for each strategy. At the same time, the book provides the scientific rationale behind the price patterns like the support, resistance, trend line, triangle pattern, rising wedge, falling wedge, channels, Fibonacci ratio analysis, Harmonic pattern, Elliott wave theory, and X3 Chart pattern. We do this by looking at the trend, cycle, and fractal wave. We explain the ways to overcome the limitation and weakness of the trend and cycle analysis using the fractal wave analysis. This book also provides one unified theory to frame all the chart patterns explained in this book. To help with more accurate market timing, we provide the detailed guideline over the pattern inside pattern analysis (PPA) with many chart examples. At the end of the book, we also provide the guideline on how to use the turning point probability and

the trend probability in the Forex and Stock market trading. In addition, we provide the guideline on how to combine the probability with support and resistance to improve over the existing support and resistance techniques.
