Trial and Error Jul 07 2021 Trial and Error is a legal memoir that gives an unvarnished account of life as one of America's leading trial lawyers; detailing the path from nervous novice to the top of the legal profession. In 1958, John C. Tucker began a legal career that would lead the Chicago Tribune to call him "one of Chicago's finest and most idiosyncratic trial lawyers." Now, in a book reminiscent of Scott Turow's classic One L, Tucker employs painstaking honesty and fascinating detail to illuminate the difficult steps in learning the trial trade and the reality of life as one of the country's leading civil and criminal trial lawyers. Free of the impenetrable language and self-congratulation found in the memoirs of many trial lawyers' memoirs, Tucker skillfully chronicles an extraordinary variety of engrossing cases. From the infamous 1969 trial of the "Chicago Eight" war protesters -- including Abbie Hoffman, Tom Hayden and Bobbie Seale, heard before the notorious Judge Julius Hoffman -- to one of the most important civil rights cases of the era, the Supreme Court decision that spelled the death knell for the corrupt political patronage system in Mayor Daley's Chicago, Tucker's career spanned three decades of legal landmarks. In Trial and Error Tucker becomes the star witness whose crisp prose and penetrating voice carries readers rung by rung up the legal ladder, altering common misconceptions of lawyers and their craft. Relating both the highs and lows, while also recounting tales from the trial of a giant Mafia gambling ring to a legal showdown with heavyweight champion Muhammad Ali, Tucker gives aspiring young attorneys, law students, recent graduates, and all fans of courtroom drama -- and comedy -- the chance to see it all through the eyes of the man in the middle of the ring.

She prayed for a Prince Charming to come to her rescue, and when good-looking FBI agent Mark Putnam entered her life, she thought those prayers had been answered. She was dead wrong. Their relationship began when Susan agreed to be Mark's paid informant in an investigation of her ex-husband's criminal friends. It quickly grew into an illicit affair that consumed their lives for nearly two years—until she became pregnant. Susan made demands, threatening to expose Mark in ways that ruined his career and marriage. On June 8, 1989, Mark took Susan for a drive into the hills to discuss her insistence on marriage. **The Poison Tree** Oct 30 2020 Edgar Award Finalist: The shocking account of a Wyoming father who terrorized his family for years—until his children plotted a deadly solution. One cold November night, in Cheyenne, Wyoming, fifteen-year-old Richard Jahnke Jr., ROTC leader and former Boy Scout, waited for his parents to return from celebrating the twentieth anniversary of the night they met. When his father got out of the car, the boy blasted him through the heart with a twelve-gauge pump-action shotgun. Richard’s seventeen-year-old sister, Deborah, was sitting on the living room couch with a high-powered rifle—just in case her brother missed. Hours later the Jahnke kids were behind bars. Days later they made headlines. So did the truth about the house of horrors on Cowpoke Road. Was it cold-blooded murder? Or self-defense? Richard Jahnke Sr., special agent for the IRS, gun collector, and avid reader of *Soldier of Fortune*, had been subjecting his wife, Maria, and both children to harrowing abuse—physical, psychological, and sexual—for years. Deborah and her brother conspired to finally put a stop to it themselves. But their fate was in the hands of a prejudiced and inept judicial system, and only public outcry could save them. Written with the full and revealing cooperation of the Jahnkes, this finalist for the Edgar Award for Best Fact Crime is “the ultimate family nightmare, played out in the heartland of America. . . . From the night of the murder through both trials, convictions and both youngsters’ eventual release . . . it’s gripping reading” (Chicago Tribune).

*Cold-Blooded Kindness* Apr 16 2022 In this searing exploration of deadly codependency, the author takes the reader on a spellbinding voyage of discovery that examines the questions: Are some people naturally too caring? Is caring sometimes a mask for darker motives? Can science help us understand how our concerns for others can hurt everything we hold dear? This gripping story brings extraordinary insight to our deepest questions. Is kindness always the right answer? Is kindness always what it seems?

*Perfect Poison: A Female Serial Killer's Deadly Medicine* Jul 19 2022 The true-crime story of a Massachusetts nurse with a dark secret, by the New York Times bestselling author of *The Girl Left Behind*. At the Veterans Affairs Medical Center in Northampton, Massachusetts, Kristen Gilbert was known as a hardworking, dedicated nurse. Yet so many emergencies and sudden deaths occurred under Kristen's watch that others jokingly called her the “Angel of Death.” No one suspected the horrifying truth: that over the course of six months, Gilbert had caused the deaths of as many as forty patients. With new insight into the sociopathic mindset of nurses who kill, and the latest details on Gilbert's ongoing prison sentence, M. William Phelps exposes how one person's good intentions went so chillingly, killingly wrong . . . Praise for *Perfect Poison* “True crime at its best—compelling, gripping, an edge-of-the-seat thriller. Phelps packs wallops of delight with his skillful ability to narrate a suspenseful story.” —Harvey Rachlin, award-winning author of *Song and System* “A compelling account of terror . . . the author dedicates himself to unmasking the psychopath with facts, insight, and the other proven methods of journalistic leg work.” —Lowell Cauffiel, New York Times bestselling author of *House of Secrets* Includes sixteen pages of dramatic photos

*Ice and Bone* May 25 2020 On a clear, brisk night in September of 2000, 33-year-old Della Brown was found sexually assaulted and beaten to death inside a filthy, abandoned shed in seedy part of Anchorage, Alaska. She was one of six women, mostly Native Alaskan, slain that year, stoking fears a serial killer was on the loose. A tanned and thuggish 20-year-old would eventually implicate himself in three of the women's deaths and confess, in detail, to Della's murder. Yet, after a three-month trial, Joshua Wade would walk free. In 2007, when Wade kidnapped a well-loved nurse psychologist from her home and then executed her in the remote wilderness of Wasilla, two astute female detectives joined forces to finally bring him to justice.

ICE AND BONE is the chilling true account of how a demented murderer initially evaded police and avoided conviction only to slip back into the shadows and kill again. Journalist and writer Monte Francis tells the harrowing story of what eventually led to Wade's capture, and reveals why the true scope of his murderous rampage is only now, more than a decade later, coming into view.

*Eye of the Beholder* Dec 24 2022 "A fascinating psychological study of an unrepentant murderer" from a New York Times–bestselling author (Library Journal). Battle Creek, Michigan, is famous as the birthplace of breakfast cereal, and the nearby suburb of Marshall is as wholesome as shredded wheat. Well-known for its colorful Victorian mansions, this stately slice of nineteenth-century Americana became infamous on a frigid night in February of 1991. Newscaster Diane Newton King was stepping out of her car, her children strapped into the backseat, when a sniper's bullet cut her down. The police assumed that the killer was her stalker—a crazed fan who had been terrorizing King for weeks. But as their investigation ground to a standstill, the police turned to another suspect—one much closer to home. In this gripping retelling of the crime and its aftermath, journalist Lowell Cauffiel re-creates the atmosphere of terror that marked King's last days, giving us a story of celebrity, obsession, and what it means to kill.

**Witch Hunt: True Story** Jun 06 2021 THE WORST CRIME OF ALL. . . It began with the desperate cry of a seven-year-old girl and escalated into the victimization of dozens of innocent citizens in Wenatchee, Washington. For in the eyes of the righteous, a crusading policeman and well-intentioned social services employees became champions of public decency, and family values, while a terrified and confused young girl became the symbol of rampant moral degeneracy within the picturesque community at the foot of the Cascade Mountains. IS NOT CRIME AT ALL! As the media frenzy engulfed Wenatchee, townspeople wondered how a debauched group who committed horrific sex crimes against children lived in their midst for so long without detection. Suddenly, in the name of justice, families were being broken up, individuals were accused of heinous crimes and were prosecuted--despite the protests of many townspeople questioning the methods of the so-called experts and accusers. Now, a lone observer, an independent attorney who spent a year in the explosive atmosphere of Wenatchee, pieces together the whole story of one of the most blatant cases of misuse of power and miscarried justice since the McCarthy witch hunts. As public outrage demanded justice, an overzealous legal system perpetrated crimes just as devastating as child sexual abuse: the persecution and condemnation of innocent people. **House of Secrets** Apr 04 2021 Hailed as “a breakneck, jam-packed roller coaster of an adventure” by J. K. Rowling, this New York Times bestseller is the first installment in the explosive tween fantasy series by famed Hollywood director Chris Columbus (of Harry Potter fame) and bestselling author Ned Vizzini (It’s Kind of a Funny Story). Siblings Brendan, Eleanor, and Cordelia Walker once had everything they could ever want. But everything changed when Dr. Walker lost his job. Now the family must relocate to an old Victorian house, formerly the home of occult novelist Denver Kristoff—a house that simultaneously feels creepy and too good to be true. By the time the Walkers realize that one of their neighbors has sinister plans for them, they’re banished to a primeval forest way off the grid. Bloodthirsty medieval warriors patrol the woods around them, supernatural pirates roam the neighboring seas, and a power-hungry queen rules the land. To survive, the siblings will have to be braver than they ever thought possible—and to fight against their darkest impulses. The key may lie in their own connection to the secret Kristoff legacy. But as they unravel that legacy, they’ll discover that it’s not just their family that’s in danger . . . it’s the entire world.

**May God Have Mercy** Oct 10 2021 In some states by law, in others by tradition, judges imposing a sentence of death complete the grim ritual with the words "May God have mercy on your soul." In 1982, in Grundy, Virginia, a young miner named Roger Coleman was sentenced to death for the murder of his sister-in-law. Ten years later, the sentence was carried out, despite the extraordinary efforts of Kitty Behan, a brilliant and dedicated young lawyer who devoted two years of her life to gathering evidence of Coleman's innocence, evidence so compelling that media around the world came to question the verdict. The courts, ruling on technicalities, refused to hear the new evidence and witnesses. Finally, the governor of Virginia ordered a lie-detector test to be administered on the morning of Coleman's scheduled execution, and in a chair that to Coleman surely looked like nothing so much as an electric chair. In John Tucker's telling, this story is an emotional and unforgettable roller-coaster ride from the awful night of the crime to the equally awful night of the execution. Perhaps it was not Roger Coleman whose soul was in need of God's mercy, but the judges, prosecutors, and politicians who procured his death.

**House of Secrets** Jan 25 2023 An ex-con by the name of Eddie told his daughter Pixie to silence her crying baby. The young mother smothered her helpless infant, stuffed its tiny corpse into a gym bag and then buried it in a shallow grave.

**Blood Echoes** Mar 03 2021 Edgar Award Finalist: A true-crime account of a vicious massacre and the legal battles that followed. It was not a clever killing. On May 5, 1973, three men escaped from a Maryland prison and disappeared. Joined by a fifteen-year-old brother, they surfaced in Georgia, where they were spotted joyriding in a stolen car. Within a week, the four young men were arrested on suspicion of committing one of the most horrific murders in American history. Jerry Alday and his family were eating Sunday dinner when death burst through the door of their cozy little trailer. Their six bodies are only the beginning of Thomas H. Cook’s retelling of this gruesome story; the horrors continued in the courtroom. Based on court documents, police records, and interviews with the surviving family members, this is a chilling look at the evil that can lurk just around the corner.

**From Cradle to Grave** Jun 18 2022 Year after year, one after another, the babies of Marybeth Tinning died - nine children in 14 years. This book tells the story of Marybeth Tinning's children, her arrest and subsequent trial.

Murder in the Family Nov 11 2021 Now updated, the New York Times bestseller about a horrifying Alaska massacre and a controversial trial: “Barer

writes true crime at its best.” —Jack Olsen On March 15, 1987, police in Anchorage, Alaska, arrived at a horrific scene of carnage. In a modest downtown apartment, they found Nancy Newman’s brutally beaten corpse sprawled across her bed. In other rooms were the bodies of her eight-year-old daughter, Melissa, and her three-year-old, Angie, whose throat was slit from ear to ear. Both Nancy and Melissa had been sexually assaulted. After an intense investigation, the police focused on a principal suspect: twenty-three-year-old Kirby Anthoney, a troubled drifter who had turned to his uncle, Nancy’s husband John, for help and a place to stay. Little did John know that the nephew he took in was a murderous sociopath. These shocking, tragic events stunned Anchorage residents and motivated the Major Crimes Unit of the city’s police department to get everything right. Feeling the heat, Kirby bolted for the Canadian border. But he was caught in time—and the cops and a tenacious prosecutor began a long, bitter battle to convict him, up against an equally tough defense lawyer and the egomaniacal defendant himself. The tale reached its climax in a controversial trial, where for the first time an FBI profiler was allowed to testify and the pre-DNA science of allotyping was presented to a jury. But justice would not be served until after the psychopathic Kirby Anthoney took the stand in his own defense—and showed the world the monster he truly was.

Investigators began scouring the area, yet despite an extensive search, no signs of the missing people were discovered. On the fourth day of the search, evidence trickled in about neighborhood “weirdo” Matthew Hoffman. A police SWAT team raided his home and found an extremely disturbing sight: every square inch of the place was filled with leaves and a terrified Sarah Maynard was bound up in the middle of it like some sort of perverted autumn tableau. But there was no trace of the others. Then came Hoffman’s confession to an unspeakable crime that went beyond murder and defied all reason. His tale of evil would make Sarah’s survival and rescue all the more astonishing—a compelling tribute to a young girl’s resilience and courage and to her fierce determination to reclaim her life in the wake of unimaginable trauma.

Canty became their sugar daddy, spending thousands to buy them clothes, cars, and gifts. But when the money ran out, Canty's luck went with it—and he was soon found hacked to pieces, his body scattered across Michigan. **No Stone Unturned** Aug 08 2021 The New York Times bestselling author takes readers on “a fascinating journey into the trenches of crime [investigation]”—now revised and updated (Lowell Cauffiel, New York Times bestselling author). A body stuffed in a car trunk swallowed by the swirling, muddy waters of the Missouri River. A hiker brutally murdered, then thrown off a steep embankment in a remote mountain range. A devious killer who hid his wife's body under a thick cement patio. For investigators, the story is often the same: they know a murder took place, they may even know who did it; but without key evidence, or a body, pursuing a conviction is nearly impossible. That's when they call NecroSearch International, a brain trust of the nation's top scientists in a wide variety of fields, who along with law enforcement, use the latest technology and field techniques to locate clandestine graves and hidden secrets to solve “unsolvable” crimes. In *No Stone Unturned*, Steve Jackson—who became a member of NecroSearch International in 2015—gives a captivating, insider's look into a realm of crime investigation of which few people are aware. “The book covers the group's quirky beginnings and digs into its most important cases suspensefully; Jackson's sharp eye misses nothing in the painstakingly rendered details. A must-have for true crime fans, it should also be of great interest to anyone fascinated with the practical applications of science.”—Publishers Weekly (starred review) “Delves into cases that would make good novels, but they're real. Furthermore, he describes a group of uncommon people performing uncommon tasks, and he does it with respect, accuracy and genuine style.”—Ron Franscell, bestselling author of *Alice & Gerald: A Homicidal Love Story*

**Mortal Sins: Sex, Crime, and the Era of Catholic Scandal** Mar 23 2020 A Publishers Weekly Best Nonfiction Book of 2013 A Kirkus Reviews Best Book of 2013 An Edgar Award for Best Fact Crime Nominee An explosive, sweeping account of the scandal that has sent the Catholic Church into a tailspin -- and the brave few who fought for justice In the mid-1980s a dynamic young monsignor assigned to the Vatican's embassy in Washington set out to investigate the problem of sexually abusive priests. He found a scandal in the making, confirmed by secret files revealing complaints that had been hidden from police and covered up by the Church hierarchy. He also understood that the United States judicial system was eager to punish offenders and those who aided them. He presented all of this to the American bishops, warning that the Church could be devastated by negative publicity and bankrupted by its legal liability. They ignored him. Meanwhile, a young lawyer listened to a new client describe an abusive sexual history with a priest that began when he was ten years old. His parents' complaints were downplayed by Church officials who offered them money to go away. The lawyer saw a claim that any defendant would want to settle. Then he began to suspect he was onto something bigger, involving thousands of priests who had abused countless children while the Church had done almost nothing about it. The lawsuit he filed would touch off a legal war of historic and global proportions. Part history, part journalism, and part true-crime thriller, Michael D'Antonio's *Mortal Sins* brings to mind landmark books such as *All the President's Men*, *And the Band Played On*, and *The Informant*, as it reveals a long and ferocious battle for the soul of the largest and oldest organization in the world.

Would a youthful prosecutor be able to overcome a tenacious defense and the specter of reasonable doubt to prove that Judy Moilanen's death was anything but accidental--and every bit an act of cold-blooded murder?
