Community Information. All information has been updated- including that on MARC authority records and holdings records. National Bestseller! Winner of the Hugo Award for Best Series! Brimming with Chambers' signature blend of heart-warming character relationships and dazzling adventure, *Record of a Spaceborn* few is the third standalone installment of the *Wayfarers* series, set in the sprawling universe of the Galactic Commons, and following a new motley crew on a journey to another corner corner of the cosmos—one often mentioned, but not yet explored. Return to the sprawling universe of the Galactic Commons, as humans, artificial intelligence, aliens, and some beings yet undiscovered explore what it means to be a community in this exciting third adventure in the acclaimed and multi-award-nominated science fiction *Wayfarers* series, brimming with heartwarming characters and dazzling space adventure. Hundreds of years ago, the last humans on Earth boarded the Exodus Fleet in search of a new home among the stars. After centuries spent wandering empty space, their descendants were eventually accepted by the well-established species that govern the Milky Way. But that was long ago. Today, the Exodus Fleet is a living relic, the birthplace of many, yet a place few outsiders have ever visited. While the Exodans take great pride in their original community and traditions, their culture has been influenced by others beyond their bulkheads. As many Exodans leave for alien cities or terrestrial colonies, those who remain are left to ponder their own lives and futures: What is the purpose of a ship that has reached its destination? Why remain in space when there are habitable worlds available to live? What is the price of sustaining their carefully balanced way of life—and is it worth saving at all? A young apprentice, a lifelong spacer with young children, a planet-raised traveler, an alien academic, a caretaker for the dead, and an Archivist whose mission is to ensure no one's story is forgotten, wrestle with these profound universal questions. The answers may seem small on the galactic scale, but to these individuals, it could mean everything. The people responsible for the stray cat population explosion have been revealed, but can Emily and the Strangers stop the plot and find homes for these cats? And will they be able to put aside their differences and record an out-of-this-world album, all while playing detective on the kitty case? It's gonna come down to the wire in the rocking conclusion to *Breaking the Record*! \* An *Emily the Strange* feature film is currently in development! This is the Emily we've all been waiting for. Murphy Shepherd is a man with many secrets. He lives alone on an island, tending the grounds of a church with no parishioners, and he's dedicated his life to rescuing those in peril. But as he mourns the loss of his mentor and friend, Murph himself may be more lost than he realizes. When he pulls a beautiful woman named Summer out of Florida's Intracoastal Waterway, Murph's mission to lay his mentor to rest at the end of the world takes a dangerous turn. Drawn to Summer, and desperate to find her missing daughter, Murph is pulled deeper and deeper into the dark and dangerous world of modern-day

slavery. With help from some unexpected new friends, including a faithful Labrador he plucks from the ocean and an ex-convict named Clay, Murph must race against the clock to locate the girl before he is consumed by the secrets of his past—and the ghosts who tried to bury them.
