**The Significance of the Frontier in American History** Jan 20 2020 This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

**Attack Surface** Oct 17 2019 Cory Doctorow's Attack Surface is a standalone novel set in the world of New York Times bestsellers Little Brother and Homeland. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she's devised are directed at her friends and family--including boy wonder Marcus Yallow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**A History of World Egyptology** Dec 31 2020 A History of Egyptology is a ground-breaking reference work that traces the study of ancient Egypt. Spanning 150 years and global in purview, it enlarges our understanding of how and why people have looked, and continue to look, into humankind's distant past through the lens of the enduring allure of ancient Egypt. Written by an international team of scholars, the volume investigates how territories around the world have engaged with and have been inspired by Egyptology, and how that engagement has evolved over time. Each chapter presents a specific territory from an institutional and national perspective, while examining a range of transnational links as well. The volume thus touches on multiple strands of scholarship, embracing not only Egyptology, but also social history, the history of science and reception studies. It will appeal to amateurs and professionals alike.

**Rock And Roll** May 16 2022 Now updated with two new chapters and an extraordinary collection of photographs, this second edition of Paul Friedlander's Rock and Roll: A Social History is a smash hit. The social force of rock and roll music leaps off the page as Paul Friedlander provides impressive insights based on hits from Johnny B. Goode to Smells Like Teen Spirit and beyond. In this musical journey, Friedlander offers the melodious strains and hard-edged riffs of Elvis, the Beatles, The Who, Dylan, Clapton, Hendrix, Motown, the San Francisco Beat, Punk, New Wave, rap, metal, 90's grunge, plus file sharing, and much more. The book is written in a refreshing, captivating style that pulls the reader in, offering no less than a complete social and cultural history of rock and roll for students and general audiences alike. Friedlander writes, 'This book

chronicles the first forty years of rock/pop music history. Picture the various musical styles as locations on a giant unfolding road map. As you open the map, you travel from place to place, stopping at each chapter to sample the artistry. Don't forget to dress your imagination appropriately for this trip, because each genre is affected by the societal topography and climate that surround it. Enjoy your trip. We promise it will be a good one!

*Educated* Apr 15 2022 #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

**Unbroken** May 04 2021 #1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

**Networks, Crowds, and Markets** Aug 19 2022 Are all film stars linked to Kevin Bacon? Why do the stock markets rise and fall sharply on the strength of a vague rumour? How does gossip spread so quickly? Are we all related through six degrees of separation? There is a growing awareness of the complex networks that pervade modern society. We see them in the rapid growth of the Internet, the ease of global communication, the swift spread of news and information, and in the way epidemics and financial crises develop with startling speed and intensity. This introductory book on the new science of networks takes an interdisciplinary approach, using economics, sociology, computing, information science and applied mathematics to address fundamental questions about the links that connect us, and the ways that our decisions can have consequences for others.

**Nature's Metropolis: Chicago and the Great West** Feb 19 2020 A Finalist for the Pulitzer Prize and Winner of the Bancroft Prize. **Into the Wild** Feb 01 2021 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

**The Sign Of The Beaver** Aug 27 2020 A 1984 Newbery Honor Book Although he faces responsibility bravely, thirteen-year-old Matt is more than a little apprehensive when his father leaves him alone to guard their new cabin in the wilderness. When a renegade white stranger steals his gun, Matt realizes he has no way to shoot game or to protect himself. When Matt meets Attean, a boy in the Beaver clan, he begins to better understand their way of life and their growing problem in adapting to the white man and the changing frontier. Elizabeth George Speare's Newbery Honor-winning survival story is filled with wonderful detail about living in the wilderness and the relationships that formed settlers and natives in the 1700s. Now with an introduction by Joseph Bruchac.

**Historians on History** Apr 22 2020 Bringing together in one volume the key writings of many of the major historians from the last few decades, *Historians on History* provides an overview of the evolving nature of historical enquiry, illuminating the political, social and personal assumptions that have governed and sustained historical theory and practice. John Tosh's Reader begins with a substantial introductory survey charting the course of historiographical developments since the second half of the nineteenth century. He explores both the academic mainstream and more radical voices within the discipline. The text is composed of readings by historians such as Braudel, Carr, Elton, Guha, Hobsbawm, Scott and Jordanova. This third edition has been brought up to date by taking the 1960s as its starting point. It now includes more recent topics like public history, microhistory and global history, in addition to established fields like Marxist history, gender history and postcolonialism. *Historians on History* is essential reading for all students of historiography and historical theory.

**Impact Evaluation in Practice, Second Edition** Nov 29 2020 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

**Neuroeconomics** Mar 02 2021 In this chapter we ask a number of questions regarding the brain's realization of reward-based decision making: 1) What is the right mathematical framework to capture the actual choice learning sequences of animals? 2) How are the crucial variables for multi-step decision making, such as the action value, the history of choice, strategy for multi-step behavior and the reward prediction errors processed in the brain? 3) What is the brain's mechanism for the decision to pursue a delayed reward or to abandon it? We first show that some extension to the standard reinforcement learning framework is necessary for capturing the actual choice sequences of

animals, which often include episodes of the win-stay-lose-shift strategy as well as history of choices and their value. In a multi-step choice task of monkeys, the neurons in the striatum encode the action values and the putamen plays a critical role in history-based action selection. Furthermore, the midbrain dopamine neurons represent the sum of the immediate and expected multiple future rewards and its prediction errors. In a delayed reward task in rats, waiting for delayed reward was associated with both higher level of serotonin release and sustained higher firing of serotonin neurons in the dorsal raphe nucleus.

**France in the Enlightenment** Jun 24 2020 A panorama of a whole civilization, a world on the verge of cataclysm, unfolds in this magisterial work by the foremost historian of eighteenth-century France. Since Tocqueville's account of the Old Regime, historians have struggled to understand the social, cultural, and political intricacies of this efflorescence of French society before the Revolution. France in the Enlightenment is a brilliant addition to this historical interest. France in the Enlightenment brings the Old Regime to life by showing how its institutions operated and how they were understood by the people who worked within them. Daniel Roche begins with a map of space and time, depicting France as a mosaic of overlapping geographical units, with people and goods traversing it to the rhythms of everyday life. He fills this frame with the patterns of rural life, urban culture, and government institutions. Here as never before we see the eighteenth-century French "culture of appearances": the organization of social life, the diffusion of ideas, the accoutrements of ordinary people in the folkways of ordinary living--their food and clothing, living quarters, reading material. Roche shows us the eighteenth-century France of the peasant, the merchant, the noble, the King, from Paris to the provinces, from the public space to the private home. By placing politics and material culture at the heart of historical change, Roche captures the complexity and depth of the Enlightenment. From the finest detail to the widest view, from the isolated event to the sweeping trend, his masterly book offers an unparalleled picture of a society in motion, flush with the transformation that will be its own demise.

***A Companion to the History of the Book*** Sep 08 2021 A COMPANION TO THE HISTORY OF THE BOOK A COMPANION TO THE HISTORY OF THE BOOK Edited by Simon Eliot and Jonathan Rose "As a stimulating overview of the multidimensional present state of the field, the Companion has no peer." Choice "If you want to understand how cultures come into being, endure, and change, then you need to come to terms with the rich and often surprising history Of the book ... Eliot and Rose have done a fine job. Their volume can be heartily recommended. " Adrian Johns, Technology and Culture From the early Sumerian clay tablet through to the emergence of the electronic text, this Companion provides a continuous and coherent account of the history of the book. A team of expert contributors draws on the latest research in order to offer a cogent, transcontinental narrative. Many of them use illustrative examples and case studies of well-known texts, conveying the excitement surrounding this rapidly developing field. The Companion is organized around four distinct approaches to the history of the book. First, it introduces the variety of methods used by book historians and allied specialists, from the long-established discipline of bibliography to newer IT-based approaches. Next, it provides a broad chronological survey of the forms and content of texts. The third section situates the book in the context of text culture as a whole, while the final section addresses broader issues, such as literacy, copyright, and the future of the book. Contributors to this volume: Michael Albin, Martin Andrews, Rob Banham, Megan L Benton, Michelle P. Brown, Marie-Françoise Cachin, Hortensia Calvo, Charles Chadwyck-Healey, M. T. **Hatchet** Nov 10 2021 Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.
