Saber-tooth Curriculum May 14 2022 "A classic of educational criticism proves its relevance in light of today's educational quandaries First published by McGraw-Hill in 1939, The Saber-Tooth Curriculum was a groundbreaking satire of the educational establishment, and its unwillingness to adapt to changing times. Throughout the decades, this witty work has not only become an educational classic, but has also remained as relevant and applicable to the key questions in education today as it was when first published. With tongue firmly in cheek, Peddiwell takes on the conflicting philosophies of education, from its imagined origins at the dawn of time to its culmination in a ritualistic, deeply entrenched social institution with rigidly prescribed norms and procedures. Developed within a fanciful framework of fictional lectures, given by fictional author Professor J. Abner Peddiwell, doyen in the History of Education at Petaluma State College, this humorous fable illustrates the progress of education and gives valuable insights into how it could continue to develop in the decades to come."--desc. of new 2004 ed., via amazon.ca.

The People Places and Principles of America Jul 24 2020 Lesson activities, section quizzes and chapter tests are available in four companion Activity Books that match each of the four student texts. An Answer Key for all four Activity Books provides answers to lesson activities, section quizzes and chapter tests. Texts (Volume I-IV) and companion Activity Books may be purchased individually or by the set of four texts, four activity books and Answer Key. Please note that the Answer Key covers the entire four-volume set. (Images of activity book covers are on page 3.) This is a comprehensive study of American history from pre- Columbus through the election of George W. Bush as president of the United States. Content is based on the 15 major components of culture: families, agriculture, media, military, government, religion, education, discoveries, industry, communication, leaders, light/energy, art, sports, and transportation. Each lesson begins with a vignette or narrative carefully designed to engage the students emotionally and academically. Theme art, time lines, maps and charts illustrate each lesson to pull the students mind into the text and clarify content. This course has been called real history because it ties the fifteen major cultural components to real people, places and principles which distinguish America. The vocabulary level is applicable for students from eighth through twelfth grade. The content is designed to raise students aspirations for noble and honorable life styles of the American Dream. Essential academic elements are aligned with standards normally expected for grades eight through high school. (See Academic Standards for Arizona and Texas on [www.pacworks.com](http://www.pacworks.com).) This is the only PAC course available in soft-cover perfect binding. The entire course of 180 lessons in four volumes is designed for a two-year period.
