American Performance V-8 Specs: 1963-1974 (Second Edition) provides extensive information on all the performance V-8 engines in Muscle Cars, Pony Cars, and Supercars. Also included are sports cars such as Corvette, Cobra, GT40, and Pantera. Numerous tables and charts display engine information in a clear and concise style. This data-packed book is a valuable resource for automotive enthusiasts. Says automotive writer Diego Rosenberg: "This book is laid out in a manner that embraces your interest and keeps you entertained with historical takes on the era. It's a seminal piece of automotive history that should be a mandatory reference for every enthusiast." Each chapter is dedicated to a manufacturer and contains five sections: (1) Engine specs including bore, stroke, horsepower, torque, compression ratio, carburetion, rod length, bore spacing, block height, valve size, journal diameters, and firing order, (2) Engine application charts for American muscle car and sports car models, (3) Road test results from automotive magazines of the 1960s and 1970s (over 1,000 total tests), (4) Additional engine details and historical background, and (5) Gallery of color photographs (over 400 total photographs). This totally revised, updated and enlarged book is THE complete guide to building a fast MG Midget or Austin-Healey Sprite for road or track. Daniel has been continuously developing his own 'Spridget' for years, and really does know what works and what doesn't when it comes to building a fast Midget or Sprite. Best of all, this book covers every aspect of the car, from the tyre contact patch to the rollover bar, and from radiator back to exhaust tailpipe. This new edition contains updated information for parts and suppliers, many new photos, and features new material covering aerodynamics, including results from testing the effect of modifications at the MIRA wind tunnel. With over 400 mainly colour photos and exclusive tuning advice, this is a MUST for any Sprite or Midget owner. A wealth of restoration tips and techniques covering E12, E24, E28, E34, 5 and 6 Series BMWs built between 1972 and 1995. Covers all models from 518 to M6. Advice is given on acquiring a good BMW 5 & 6 Series model, plus tips on restoring, engines, bodywork, trim, electrics, suspension & much more. If you have a car like this then you can save thousands as you bring it back up to specification - for your safety or as a restoration project this is the book you need. It is now 40 years since the first BMW 5 Series went down the production lines at Dingolfing. Back in 1972, only the BMW executives with the greatest of foresight could have predicted that in 2012, the 5 Series would still be in production and still be the class leader - and it's amusing to note that the latest model - the F10 520i - is also a two litre four cylinder just as those first Fives were. BMW occupies a unique position in the hearts of car buyers and enthusiasts for no other marque of car has such a wide fan base. From what are probably the finest range of cars in the world to an enjoyable secondhand car, through to concours events, track days to drifting championships plus huge clubs and countless forums, no other manufacturer has such a huge and diverse following as BMW. The large numbers of the first three generations of the 5 Series that still survive attest to that, and this book is aimed at owners wanting to know more and pick up some useful maintenance, repair and restoration tips. This is the story of how we built a car. The Pembleton Brooklands. Deb and I were probably the first 'rookies' with zero automotive knowledge ever to build a Pembleton and this book is designed to help and inspire others to do the same. And what will you discover? The Pembleton Brooklands is a celebration of the individual and individuality. In a world where all cars look the same and where we are encouraged to abrogate our responsibility for self-preservation, there is nothing so liberating and empowering as packing your own parachute and jumping into the unknown, and anyone can do it. Your life will never be the same again. For those of you whose journey is at the very beginning this book may help get you started. For those who have helped us along the way..... Thank you. And for all those who smile, wave and share our dream.....Welcome!
