He's a veteran of seven successful Kickstarter campaigns (and counting) that have raised over \$3.2 million, and he's the proprietor of the widely read Kickstarter Lessons blog. In this book he offers a comprehensive guide to crowdfunding, demonstrating that it can be a powerful way for entrepreneurs to grow their businesses by building community and putting their customers first. This book includes over forty stories of inspiring successes and sobering disasters. Stegmaier uses these examples to demonstrate how to (and how not to) prepare for a campaign, grow a fan base, structure a pitch, find new backers, and execute many other crucially important "nuts and bolts" elements of a successful crowdfunding project. But Stegmaier emphasizes that the benefits of crowdfunding are much more about the "crowd" than the "funding." He shows that if you treat your backers as people, not pocketbooks—communicate regularly and transparently with them, ask their opinions, attend to their needs—they'll become advocates as well as funders, exponentially increasing your project's chances of succeeding. After Noctis sets out to meet his betrothed, the treaty collapses. Merely a ruse to bring down the magical barrier protecting Lucis, Niflheim invades and takes the kingdom and the crystal for itself. With the treaty in tatters and his father and betrothed believed dead, Noctis must rely on his own tenacity and the support of his band of loyal followers to get him through what is to come. The Walkthrough offers a rare peek behind the curtain of the secretive video game industry from an unlikely perspective, that of a career strategy guide writer. For eighteen years, Doug Walsh was one of the most prolific authors of officially licensed video game strategy guides. One part memoir and one part industry tell-all, The Walkthrough takes players on an entertaining march through gaming's recent history, from the dawn of the PlayStation to the Xbox 360 and Nintendo Switch. Follow along as Walsh retraces his career and reveals how the books were made, what it was like writing guides to some of the industry's most celebrated — and derided — titles, and why the biggest publishers of guidebooks are no longer around. Walsh devotes entire chapters to many of gaming's most popular franchises, including Tony Hawk's Pro Skater, Gears of War, and Diablo, among others. From inauspicious beginnings with Daikatana to authoring the books for the entire Bioshock trilogy, with plenty of highs, lows, and Warp Pipes along the way, Walsh delivers a rare treat to twenty-first century gamers. The Walkthrough is sure to satisfy the curiosity of anyone who grew up with the works of BradyGames and Prima Games sprawled across their laps. With over one hundred books to his credit, and countless weeks spent at many of the most famous studios in North

America, he is uniquely qualified to give an insider's perspective of a little-known niche within the multi-billion-dollar industry.
