Student Empowerment in Higher Education. Reflecting on Teaching Practice and Learner Engagement Nov 24 2020

Student Empowerment in Higher Education brings together the accumulated knowledge and experience of many accomplished teachers and students from higher education institutions around the world, and has much to offer those who are engaged in

higher education, as students, teachers or support staff. The authors offer personal reflections in teaching, learning, mentoring, assessment, hands-on activities, course design and student identities in higher education across the globe, supported by academic research and scholarship. Readers are provided with a window into tried and tested empowering practices in varying contexts, enabling them to see what works and what does not, alongside the challenges and possibilities. A distinctive feature of this book, and its paramount strength, is that it explores best practices in student empowerment, whilst reflecting on matters of teaching and learning that are familiar to students and teachers alike, and also explores practices in a variety of disciplines. The intention of these volumes, therefore, is not only to inform readers about the diverse learning and teaching approaches of the authors, but, most importantly, to facilitate processes of student empowerment and promote reflection on teaching and learning practices. "In recent decades, higher education policy discourse has persistently implied that a university education is 'delivered' to students under the impersonal banner of 'the student experience'. Not only does this commodify the diverse, individual experiences of students into one marketable product, it also creates false barriers and power dynamics between students and their teachers. In *Student Empowerment in Higher Education*, the students and lecturers who collaborated to write this important volume have literally blown such misleading notions out of the window! I highly recommend each varied and autonomous chapter to learn what really inspires confidence and success in university students." Professor Sarah Hayes, Professor of Higher Education Policy, University of Wolverhampton "The two volumes of *Student Empowerment in Higher Education* offer the reader rich and varied examples and understandings of student empowerment

from around the world. The authors provide reflective accounts of learning and teaching from diverse perspectives and disciplines, which focus on many different areas of practice in higher education. It is this variety that will appeal to many readers, as the source of ideas and inspiration for numerous possible routes to empowerment. With many chapters co-authored by students and staff, the book models the collective responsibility students and staff have for enhancing student empowerment." Dr. Catherine Bovill, Senior Lecturer in Student Engagement, University of Edinburgh; Fulbright Scholar, Elon University, North Carolina, USA; Visiting Fellow (Knowledge Exchange), University of Winchester

Into the Wild Nov 12 2019 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave

Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.
