An immigrant's memoir recounting the life of a young Pakistani man who came to the U.S. with only a driving ambition to make a difference in his chosen industry, aviation. Embittered by her fiancé leaving her for her sister, Washington state glass artist Lucy is unknowingly set up by her ex with his friend Sam, a relationship that is threatened by her ex's second thoughts and Lucy's discovery of the truth. In Broken by Water: Salish Sea Years, the contemporary world is suffused with the past, a world where even the briefest moments are layered with meaning: widgeons spooked into flight echo the horror of orcas being captured in a quaint harbor; clouds storming north are like a massive spring migration and make human life seem insignificant; a raven's croak underscores the outrage of old-growth devastation; one vandalized grave portends the end of our world. These poems are alive in the moment precisely because they bring the dark, often forgotten, past into the light. With sheltered harbors, open prairies, and secluded woodlands, San Juan Island has been a magnet for human habitation for thousands of years. Salmon runs and rich soil promised not only an abundant food source but also a good living for those willing to*

work hard. But it was not until the islands became the focus of an international boundary dispute between Great Britain and the United States in the late 1850s that San Juan Island drew the attention of Europeans and Americans. These newcomers watched how Coast Salish and Northwest Coast peoples harvested natural resources and adapted their techniques. Settlers and Indians sometimes intermarried, and many of their descendants remain to this day. San Juan Islanders of all generations have worked hard to preserve their home, thus maintaining a sense of place that is as evident today as it was when the first canoes came ashore. Mark Nolan's happy-go-lucky bachelorhood is interrupted by the death of his sister and his subsequent guardianship of her six-year-old daughter, Holly, who is traumatized into muteness and desperately seeking a maternal figure. Enter Maggie Collins, a toy shop owner who lost her own husband to cancer. After a hate crime occurs in his small Texas town, Adrian Piper must discover his own power, decide how to use it, and know where to draw the line in this "powerful debut" novel (Publishers Weekly, starred review) exquisitely illustrated by the author. Adrian Piper is used to blending into the background. He may be a talented artist, a sci-fi geek, and gay, but at his Texas high school those traits would only bring him the worst kind of attention. In fact, the only place he feels free to express himself is at his drawing table, crafting a secret world through his own Renaissance-art-inspired superhero, Graphite. But in real life, when a shocking hate crime flips his world upside down, Adrian must decide what kind of person he wants to be. Maybe it's time to not be so invisible after all—no matter how dangerous the risk. Her attitude is less than merry and bright... Melanie Harper and Christmas do not see eye to eye. While most people celebrate and look forward to the holidays, it's something she has come to dread. When she receives a gift from an unlikely source - a house in the quaint town of Silver Bell Falls - her immediate reaction is to reject it. After all, with a name like that, you're pretty much guaranteed to be surrounded by people who love Christmas! He sees it as the

most wonderful time of the year... Josiah Stone is all about peace on earth and goodwill toward man. Maybe it's because he's the sheriff of a town named after a beloved Christmas song, but that doesn't make it any less true. Christmas is his favorite time of year and living in Silver Bell Falls where everyone feels the same and celebrates it nearly year-round only adds to his festive outlook on life. Can a white Christmas change everything? When Melanie is forced to stay in Silver Bell Falls during the actual holiday season, she's less than thrilled. But after meeting the sexy sheriff she finds that there is something to be said about the magic of Christmas.

The Friday Harbour series of women's fiction novels is set in San Juan Island just off of the Washington State Coast - romantic and varied, with rocky shores, sandy beaches, rich woodlands and pasture land - and the prosperous Friday Harbour area. The series is centered around the Nolan family, consisting of two brothers and a sister, the owners of an island vineyard and restaurant. The Nolans' mother Jessica has just passed away, and a mysterious stranger attends the funeral. He reveals that he is an illegitimate child Jessica had given birth to, and given up for adoption, before she married. This family secret leads to many new questions and challenges, which test the bonds of love and loyalty, and ultimately show the Nolans what family is all about.

When Friday Harbor, Washington, was incorporated in 1909, some wanted the town's name changed. In a misunderstanding, the British had named it in 1858 for a shepherd named "Friday," who thought they were making introductions, not asking the name of the sheltered bay where he minded sheep. But the name stuck. As with many of the young state's small port towns, timber, salmon fishing, and farming fueled Friday Harbor's early economy. However, by midcentury, the lumber mill was gone, the introduction of irrigation in Central Washington swamped fresh produce markets, and the fish and pea canneries were shut down. Life slowed and some left, but in being passed by--until tourism caught on in the late 1970s--the town (and island) developed a unique sense of community that survives to this day. The famous San Juan

*Islands of Washington State, a prime touring location for hikers, bikers, beach walkers and boaters from all over the country, are also distinctive, fascinating bird-watching areas. The islands are home to one of the largest concentrations of breeding and wintering bald eagles in the world. The vast majority of breeding seabirds in Puget Sound nest within the San Juans or nearby rain shadow islands. Loons, auklets, cormorants and murrelets are regularly spotted by visitors to the islands' shores. The thirteenth entry in the #1 New York Times bestselling series from the "prolific and talented" (Publishers Weekly) Ann Rule focuses on crime victims who had no idea they were in life-threatening danger, often from the very people they trusted the most. In this collection's featured case, a family man dedicated to naturopathic healing embarks on a passionate affair with a flight attendant, but his jealous rages frighten her. When she finally leaves after a brutal attack, she has no idea that her tormentor would reappear in her life—with deadly consequences. Other cases include: a woman who masterminds her husband's murder just to gain his inheritance; the sadistic criminal whose prison release damages a presidential campaign and ends in a bitter double tragedy; the shocking DNA link between a horrifying crime and a cold case; and finally, the man who crisscrosses the world in deadly pursuit of a beautiful woman. Once again, the country's best true crime writer brings her "absolutely riveting...psychologically perspective" (Booklist) insight to a chilling look how sometimes those we love the most can be the most dangerous. The heartwarming and provocative sequel to Diane Hammond's Hannah's Dream, Friday's Harbor is the compelling story of a dying orca, the caring zoo that saves him, and the controversy that threatens his captivity. It's been three years since Hannah, the elephant, departed the Max L. Biedelman Zoo, in Bladenham, Washington, and much has changed, including the appointment of new executive director Truman Levy, and the arrival of a failing killer whale named Friday. With the help of marine mammal rehabilitator Gabriel Jump, and a team of dedicated though inexperienced keepers, Friday begins to recover. But not*

everyone believes he should be in captivity—a debate that explodes onto a national stage. Now, Friday's fate may no longer rest in the hands of Truman and the caring staff at the Max L. Biedelman Zoo. Like *The Art of Racing in the Rain* and *Like Water for Elephants*, *Friday's Harbor* beautifully illuminates the special bond between animals and humans. When Sloane Avery stops to help a stranded driver, she finds more than a broken down car on the side of the road. Only the reappearance of Sloane and the reminder of his biggest mistake can put a dent in his plans. Luke is set on fixing what he's broken. "Fishing With Hyenas" is a love story between girlie girl Theresa and commercial fisherman Captain Bart, who convinces her to crew on a ninety-two-foot tuna boat plying the North Pacific Ocean. Trading cashmere and high heels for raingear and rubber boots, she becomes a deckhand, confined for three months at a time, thousands of miles from anywhere. Or to her mind. After nine months on the water, Theresa returns to life on land. But when Bart finds another tuna boat, he heads back out to Mother Ocean. "See you soon," are the last words he says to her. Three days later, Bart dies of a massive heart attack. Grief, financial devastation, and a lawsuit follow, but it is the family of Hyenas who help her pull through. "Fishing With Hyenas" is the true story of how it all started and the tale of what happened next. In New York Times bestselling author Lisa Kleypas's Dream Lake, readers will enter the world of Friday Harbor, an enchanting town in the Pacific Northwest where things are not quite as they seem and where true love might just have a ghost of a chance... They say that opposites attract. But what happens when one of them has been devastated by betrayal and the other is so damaged and jaded that his heart is made of stone? Alex Nolan is about as bitter and cynical as they come. One of three Nolan brothers who call Friday Harbor home, he's nothing like Sam or Mark. They actually believe in love; they think the risk of pain is worth the chance of happiness. But Alex battles his demons with the help of a whiskey bottle, and he lives in his own private hell. And then, a ghost shows up. Only Alex can see him. Has Alex finally crossed over the threshold to insanity? Zoë Hoffman*

is as gentle and romantic as they come. When she meets the startlingly gorgeous Alex Nolan, all her instincts tell her to run. Even Alex tells her to run. But something in him calls to Zoë, and she forces him to take a look at his life with a clear eye and to open his mind to the possibility that love isn't for the foolish. The ghost has been existing in the half-light of this world for decades. He doesn't know who he is, or why he is stuck in the Nolans' Victorian house. All he knows is that he loved a girl once. And Alex and Zoë hold the key to unlocking a mystery that keeps him trapped here. Zoë and Alex are oil and water, fire and ice, sunshine and shadow. But sometimes it takes only a glimmer of light to chase away the dark, and sometimes love can reach beyond time, space, and reason to take hold of hearts that yearn for it... This remarkable book is both an inner journey and a manual for survival. In our world of financial turmoil, environmental collapse and frantic change, it is easy for many of us to succumb to fear, panic or be overwhelmed. Here, the author offers us a powerful alternative: how to transform such paralyzing states into the strength and courage of Love. By Love, he means not so much an emotion as a deep, primordial connection with each other and with all that exists. By tapping into Oneness, we regain inner poise, rediscover forgotten wisdom, and reignite our innate powers. This allows us to be more grounded, and to dwell in this challenging world in positive ways. Power, argues the author, must not only be active, it must also be receptive. This is what he calls, the "feminine side to power," hidden in its deepest core. These are the stories of the twentieth century on Grays Harbor. Based on two decades of research by the staff of The Daily World, "On the Harbor" is a unique narrative of local history, with separate chapters on the fourteen top stories of the past hundred years and biographies of Citizens of the Century. Also included are a first-hand account by a veteran Wobbly on the free-speech fight of 1911, Ed Van Syckle on sailing with legendary Capt. Ralph E. Peasley, and Murray Morgan on working for the Grays Harbor Washingtonian in Hoquiam during the

**Depression. Come along and read a century's worth of stories about life on gritty old Grays Harbor. This expansive, must-have coffee table book paints a robust portrait of the Walt Disney World Resort, across half a century, through diverse and vibrant voices and mostly unseen Disney theme park concept art and photographs. Walt Disney's vision for the Florida Project begins with Disneyland and the 1964-1965 New York World's Fair. After an imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney's Contemporary Resort, Disney's Polynesian Village, and Disney's Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life's milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves as a treasure trove for vacationers, students of hospitality, artists,
