A glimpse at the general judicial latitude generally afforded to parodies, satires, caricatures, and pastiches demonstrates the social and cultural value of this particular form of artistic expression. With the advent of technologies and the evolution of copyright legislation, creative endeavours in the form of parody gathered a new youth but became unlawful. While copyright law grants exclusive rights to right-holders, this right is not absolute. Legislation includes specific exceptions, which preclude right-holders from exercising their prerogatives in particular cases which foster creativity and cultural diversity within that society. The parody exception pertains to this ultimate objective by permitting users to reproduce copyright-protected materials for the purpose of parody. To understand the

meaning and scope of the parody exception, this book examines and compares five jurisdictions which differ in their protection of parodies: France, Australia, Canada, the US and the United Kingdom. This book is concerned with finding an appropriate balance between the protection awarded to right-holders and the public interest. This is achieved by analysing the parody exception to the economic rights of right-holders, the preservation of moral rights and the interaction of the parody exception with contract law. As parodies constitute an artistic expression protected under the right to freedom of expression, this book also considers the influence of freedom of expression on the interpretation of this specific copyright exception. Furthermore, this book aims at providing guidance on how to resolve conflicts where fundamental rights are in conflict. This is the first book in English to offer an in-depth investigation into the parody exception in copyright law, and comments on industry practices linked to this form of creative endeavours. Urbanisation, traffic congestion, pollution problems, heavy reliance on scarce oil supplies, safety issues and ever-growing competition, have all provided significant business challenges for the automotive industry. Many car manufacturers have had to fundamentally rethink their design, brand and marketing strategies to thrive in a savvy, consumer-led culture, and markets that are becoming increasingly restrictive in size and opportunity. Auto Brand provides a roadmap to branding and marketing success in the automotive industry from a leading industry expert and features:

- Case studies on major car brands personally conducted by the author including: Audi, BMW, Holden, Mercedes-Benz, Opel, Porsche, Saab, Seat, Skoda, Vauxhall, Volkswagen, and Volvo
- The findings from 100 interviews conducted with CEOs, marketing managers, sales managers, sales people, after sales managers at all levels from the manufacturer level to small rural dealers, as well as industry experts, policy makers, free-stranding repair shops and professional organizations
- The results of a new international study on car buyer behaviour based on 4,700 survey answers

Let Nick Louth keep you guessing with these twisty first three books in the DCI Craig Gillard series; *The Body in the Marsh*, *The Body on the Shore* and *The Body in the Mist*. *The Body in the Marsh*: Criminologist Martin Knight lives a gilded life. But then his wife Liz disappears. There is no good explanation and Martin goes on the run. To make things worse, Liz is the ex-girlfriend of DCI Craig Gillard who finds himself drawn into the investigation. Is this a missing-person case or something more sinister? How dark can the truth be? *The Body on the Shore*: Promising architect Peter Young is shot dead at his desk. DCI Craig Gillard is quickly on the scene, looking at what appears to be a brutal and highly professional hit. Two weeks later, on the Lincolnshire coast, another body is found on a windswept beach. The man cannot be identified, but sports a curious brand, burned into his neck. Gillard is plunged into a case without answers, finding himself up against dark and mysterious forces. This time lives are on the line, children's lives – and his own. *The Body in the Mist*: A body is found on a quiet lane in Exmoor, victim of a hit and run. He has no ID, no wallet, no phone, and – after being dragged along the road – no recognisable face. Meanwhile, fresh from his last case, DCI Craig Gillard is unexpectedly called away to Devon on family business. Gillard is soon embroiled when the car in question is traced to his aunt. As he delves deeper, a dark mystery reveals itself, haunted by family secrets, with repercussions Gillard could never have imagined. The past has never been
