Originally published: London: Orbit, 1998. A fascinating journey through Scotland's famous distilleries with legendary author Iain Banks No true Scotsman can resist the allure of the nation's whisky distilleries. In an absorbing voyage as interesting to non-drinkers as to true whisky connoisseurs, sci-fi and literary author Iain Banks explores the rich heritage of Scottish whisky, from the largest and most famous distilleries to the smallest, most obscure operations. Whisky is more than a drink: it's a culture, a binder that joins together people, places and products far across

Scotland's rugged terrain. Switching from cars to ferries to bicycles, Banks crisscrosses his homeland, weaving an engrossing narrative from the strange people, fascinating traditions, and downright bizarre places he encounters on his journey down Scotland's great golden road. Hisako Onoda, world famous cellist, refuses to fly. And so she travels to Europe as a passenger on a tanker bound through the Panama Canal. But Panama is a country whose politics are as volatile as the local freedom fighters. When Hisako's ship is captured, it is not long before the atmosphere is as flammable as an oxy-acetylene torch, and the tension as sharp as the spike on her cello... CANAL DREAMS is a novel of deceptive simplicity and dark, original power: stark psychological insights mesh with vividly realised scenarios in an ominous projection of global realpolitik. The result is yet another major landmark in the quite remarkable career of an outstanding modern novelist. Her eyes were black, wide as though with some sustained surprise, the skin from their outer corners to her small ears taut. Her lips were pale, and nearly too full for her small mouth, like something bled but bruised. He had never seen anyone or anything quite so beautiful in his life.' Graham Park is in love. But Sara Fitch is an enigma to him, a creature of almost perverse mystery. Steven Grout is paranoid - and with justice. He knows that They are out to get him. They are. Quiss, insecure in his fabulous if ramshackle castle, is forced to play interminable impossible games. The solution to the oldest of all paradoxical riddles will release him. But he must find an answer before he knows the question. Park, Grout, Quiss - no trio could be further apart. But their separate courses are set for collision. Sharrow was once the leader of a personality-attuned combat team in one of the sporadic little commercial wars in the civilization based around the planet Golter. Now she is hunted by the Huhsz, a religious cult which believes that she is the last obstacle before the faith's apotheosis, and her only hope of escape is to find the last of the apocalyptically powerful Lazy Guns before the Huhsz find her. Her

journey through the exotic Galterian system is a destructive and savage odyssey into her past, and that of her family and of the system itself. It begins in the realm of the Real, where matter still matters. It begins with a murder. And it will not end until the Culture has gone to war with death itself. Lededje Y'breq is one of the Intagliated, her marked body bearing witness to a family shame, her life belonging to a man whose lust for power is without limit. Prepared to risk everything for her freedom, her release - when it comes - is at a price, and to put things right she will need the help of the Culture. Benevolent, enlightened and almost infinitely resourceful though it may be, the Culture can only do so much for any individual. With the assistance of one of its most powerful - and arguably deranged - warships, Lededje finds herself heading into a combat zone not even sure which side the Culture is really on. A war - brutal, far-reaching - is already raging within the digital realms that store the souls of the dead, and it's about to erupt into reality. It started in the realm of the Real and that is where it will end. It will touch countless lives and affect entire civilizations, but at the center of it all is a young woman whose need for revenge masks another motive altogether. Abortion is illegal in almost every circumstance in Ireland, making it the only democracy in the western world to have such a constitutional ban. Between 1980 and 2015, at least 165,438 Irish women and girls accessed UK abortion services. In 2016, the figure was 3,265. Any woman or girl who procures an abortion, or anyone who assists a woman to procure an abortion in Ireland can be criminalised and imprisoned for up to fourteen years. A woman may not procure an abortion in Ireland if she is pregnant due to incest or rape, or to prevent inevitable miscarriage and fatal foetal abnormality. The movement to repeal the Eighth Amendment and make abortion legal in Ireland has grown massively over the last few years. This anthology shares the literature, personal stories, opinions, photography, art and design produced by the movement that catalysed 2018's momentous referendum. Featuring

prize-winning novelists, critically acclaimed poets, cutting-edge artists and journalists on the front line, this anthology will be the definitive collection of the art inspired by the most pressing debate in contemporary Ireland, and beyond. Contributors include: Lisa McInerney, Anne Enright, Louise O'Neill, Caitlin Moran, Tara Flynn, Aisling Bea, Sinead Gleeson, Emmet Kirwan. A desperate young man becomes entangled with a Scottish crime family in this "brilliant, irresistible" novel from the author of *The Wasp Factory* (The New York Times). Stewart Gilmour is back in Stonemouth, Scotland. An estuary town north of Aberdeen, Stonemouth has a beach that can be beautiful on a sunny day. But on a bleak day, Stonemouth seems to have nothing to offer but fog, cheap drugs, and gangsters—and a suspension bridge that promises a permanent way out. Stewart got out five years ago. He didn't jump, he just ran—escaping the Murstons, a local family of mobsters. But now their patriarch has died, and in an uneasy truce, Stewart has returned home for the funeral. His long exile has also kept him away from Ellie Murston, and if he knows what's good for him, he'll avoid a reunion—and the topic of his old classmate Callum Murston's untimely death. But once he's back, Stewart steps squarely into the minefield of his past, and as he wrestles with feelings of guilt and loss, he makes some dark discoveries and his homecoming takes a lethal turn. A quick drop into the cold, gray Stoun is starting to look like an option worth considering. The basis for a BBC series, *Stonemouth* is a darkly witty, "beguiling" tale of warring clans, broken hearts, brotherhood, and the long, hard process of growing up—if you can stay alive long enough to try (The Guardian). Dark family secrets and a long-lost love affair lie at the heart of Iain Banks's fabulous new novel. The Wopuld family built its fortune on a board game called *Empire!* - now a hugely successful computer game. So successful, the American Spraint Corp wants to buy the firm out. Young renegade Alban, who has been evading the family clutches for years, is run to ground and persuaded to attend the

forthcoming family gathering - part birthday party, part Extraordinary General Meeting - convened by Win, Wopuld matriarch and most powerful member of the board, at Garbadale, the family's highland castle. Being drawn back into the bosom of the clan brings a disconcerting confrontation with Alban's past. What drove his mother to take her own life? And is he ready to see Sophie, his beautiful cousin and teenage love? Grandmother Win's revelations will radically alter Alban's perspective for ever. Eight hundred years after the most horrific battle of the Idiran war, light from its world-destroying detonations is about to reach the Masaq Orbital, home to the Culture. Major Quilan has supposedly come to take the exiled Composer Ziller back to their war-ravaged home world, Chel. But despite the major's civilized veneer, his true mission may be the death and destruction of an entire civilization. Hisako Onoda, world famous cellist, refuses to fly. And so she travels to Europe as a passenger on a tanker bound through the Panama Canal. But Panama is a country whose politics are as volatile as the local freedom fighters. When Hisako's ship is captured, it is not long before the atmosphere is as flammable as an oxy-acetylene torch, and the tension as sharp as the spike on her cello... CANAL DREAMS is a novel of deceptive simplicity and dark, original power: stark psychological insights mesh with vividly realised scenarios in an ominous projection of global realpolitik. The result is yet another major landmark in the quite remarkable career of an outstanding modern novelist. Eighteen-year-old Kit is weird: big, strange, odd, socially disabled, on a spectrum that stretches from "highly gifted" at one end, to "nutter" at the other. At least Kit knows who his father is; he and Guy live together in a decaying country house on the unstable brink of a vast quarry. His mother's identity is another matter. Now, though, his father's dying, and old friends are gathering for one last time. "Uncle" Paul's a media lawyer now; Rob and Ali are upwardly mobile corporate bunnies; pretty, hopeful Pris is a single mother; Haze is still living

up to his drug-inspired name twenty years on; and fierce, protective Hol is a gifted if acerbic critic. As young film students they lived at Willoughtree House with Guy, and they've all come back because they want something. Kit, too, has his own ulterior motives. Before his father dies he wants to know who his mother is, and what's on the mysterious tape they're all looking for. But most of all he wants to stop time and keep his father alive. Fast-paced, gripping and savagely funny, *The Quarry* is a virtuoso performance whose soaring riffs on the inexhaustible marvel of human perception and rage against the dying of the light will stand among Iain Banks' greatest work. As this enthralling epic nears its climax, the young heroine's brother discovers his own hidden gift — and the role he must play in battling the Dark. Hem is a weary orphan whose struggle for survival ends when he is reunited with his lost sister, Maerad. But Maerad has a destiny to fulfill, and Hem is sent to the golden city of Turbansk, where he learns the ways of the Bards and befriends a mysterious white crow. When the forces of the Dark threaten, Hem flees with his protector, Saliman, and an orphan girl named Zelika to join the Light's resistance forces. It is there that Hem has a vision and learns that he, too, has a part to play in Maerad's quest to solve the Riddle of the Treesong. As *The Crow* continues the epic tale begun with *The Naming and The Riddle*, Alison Croggon creates a world of astounding beauty overshadowed by a terrifying darkness, a world where Maerad and Hem must prepare to wage their final battle for the Light. In Scotland, a self-appointed executioner dispenses justice to fit the crime. Thus the lenient judge who let a rapist go is punished by being raped, while a man who killed is killed in turn. By the author of *The Wasp Factory*. When thirteen-year-old Johnny's talking computer Kovac, detects an extraterrestrial signal, his life is set to change forever. Until then, stuck in his children's home in Castle Dumbury New Town, with the nasty cook Mr. Wilkins watching his every move, football had been his only escape. But soon things start happening around

him that Johnny doesn't understand: why is his mother, who is on life support in a hospital for the criminally insane, being guarded by sinister looking men? And why was a journalist murdered shortly after Johnny talked to him? When Johnny finds out he has a sister, he decides to run away to find her. But his search for answers take him beyond Earth and into a spectacular adventure through time and space where he visits new worlds, meets aliens, and discovers the truth about his parents and who he really is. A little knowledge can be a very dangerous thing... Innocent in the ways of the world, an ingenue when it comes to pop and fashion, the Elect of God of a small but committed Stirlingshire religious cult: Isis Whit is no ordinary teenager. When her cousin Morag - Guest of Honour at the Lusentyrian's four-yearly Festival of Love - disappears after renouncing her faith, Isis is marked out to venture among the Unsavved and bring the apostate back into the fold. But the road to Babylondon (as Sister Angela puts it) is a treacherous one, particularly when Isis discovers that Morag appears to have embraced the ways of the Unsavved with spectacular abandon... Truth and falsehood; kinship and betrayal; 'herbal' cigarettes and compact discs - Whit is an exploration of the techno-ridden barrenness of modern Britain from a unique perspective. Set in a war-torn country not unlike Bosnia, this internationally bestselling novel concerns a band of soldiers who find refuge in a rural castle. 'One of the most unique books ever crafted.'—Mike Chen, author of A Beginning at the End Set in a 2054 where humans have locked themselves out of the internet and Elon Musk has incinerated the moon, Set My Heart to Five is the hilarious yet profoundly moving story of one android's emotional awakening. One day at a screening of a classic movie, Jared notices a strange sensation around his

eyes. Bots are not permitted to have feelings, but as the theater lights come on, Jared discovers he is crying. Soon overwhelmed by powerful emotions, Jared heads west, determined to find others like himself. But a bot with feelings is a dangerous proposition, and Jared's new life could come to an end before it truly begins. Unless, that is, he can somehow change the world for himself and all of his kind. Unlike anything you have ever read before, *Set My Heart to Five* is a love letter to outsiders everywhere. Plus it comes uniquely guaranteed to make its readers weep a minimum of 29mls of tears.\* \*Book must be read in controlled laboratory conditions arranged at reader's own expense. A beautiful, ambitious woman pursues the ultimate prize in a wickedly satirical novel about a highly secretive transglobal organization. From its bravura opening onwards, *THE CROW ROAD* is justly regarded as an outstanding contemporary novel. 'It was the day my grandmother exploded. I sat in the crematorium, listening to my Uncle Hamish quietly snoring in harmony to Bach's Mass in B Minor, and I reflected that it always seemed to be death that drew me back to Gallanach.' Prentice McHoan has returned to the bosom of his complex but enduring Scottish family. Full of questions about the McHoan past, present and future, he is also deeply preoccupied: mainly with death, sex, drink, God and illegal substances... Daniel Weir used to be a famous - not to say infamous - rock star. Maybe still is. At thirty-one he has been both a brilliant failure and a dull success. He's made a lot of mistakes that have paid off and a lot of smart moves he'll regret forever (however long that turns out to be). Daniel Weir has gone from rags to riches and back, and managed to hold onto them both, though not much else. His friends all seem to be dead, fed up with him or just disgusted - and who can blame them? And now Daniel Weir is all alone. As he contemplates his life, Daniel realises he only has two problems: the past and the future. He knows how bad the past has been. But the future - well, the future is something else. This

fascinating picture book biography tells the childhood story of Buffalo Bird Woman—a Hidatsa Indian born around 1839. Through her true story, readers learn what it was like to be part of this Native American community, which lived along the Missouri River in the Dakotas, a society that depended on agriculture for food and survival rather than hunting. Using original artwork and archival photographs, award-winning author/illustrator S. D. Nelson has captured the spirit of Buffalo Bird Girl and her lost way of life. The book includes a bibliography and an index, as well as an author's note and timeline of events. Awards and praise for Buffalo Bird Girl Gelett Burgess Award CCBC Choices Book, Biography ? The SCOTNOTES booklets are a series of study guides to major Scottish writers and texts frequently used within literature courses, aimed at senior secondary school pupils and students in further education. This title covers three novels by Iain Banks. The polarizing literary debut by Scottish author Ian Banks, *The Wasp Factory* is the bizarre, imaginative, disturbing, and darkly comic look into the mind of a child psychopath. Meet Frank Cauldhame. Just sixteen, and unconventional to say the least: Two years after I killed Blyth I murdered my young brother Paul, for quite different and more fundamental reasons than I'd disposed of Blyth, and then a year after that I did for my young cousin Esmerelda, more or less on a whim. That's my score to date. Three. I haven't killed anybody for years, and don't intend to ever again. It was just a stage I was going through. The man who wakes up in the extraordinary world of a bridge has amnesia, and his doctor doesn't seem to want to cure him. Does it matter? Exploring the bridge occupies most of his days. But at night there are his dreams... Dreams in which desperate men drive sealed carriages across barren mountains to a bizarre rendezvous; an illiterate barbarian storms an enchanted tower under a stream of verbal abuse; and broken men walk forever over bridges without end, taunted by visions of a doomed

sexuality. Lying in bed unconscious after an accident wouldn't be much fun, you'd think. Oh yes? It depends who and what you've left behind. Which is the stranger reality, day or night? Frequently hilarious and consistently disturbing, THE BRIDGE is a novel of outrageous contrasts, constructed chaos and elegant absurdities. Why customers are loving The Bridge: "Banks' Wasp Factory is frequently called 'One of the 20th century's 100 greatest novels'. It pales in comparison to The Bridge!" - Amazon Reviewer, 5 stars "Mindblowing! This is the first Iain Banks novel I have read and needless to say I'll be back for more." - Amazon Reviewer, 5 stars Iain Banks' daring new novel opens in a loft apartment in the East End, in a former factory due to be knocked down in a few days. Ken Nott is a devoutly contrarian vaguely left wing radio shock-jock living in London. After a wedding breakfast people start dropping fruits from a balcony on to a deserted carpark ten storeys below, then they start dropping other things; an old TV that doesn't work, a blown loudspeaker, beanbags, other unwanted furniture...Then they get carried away and start dropping things that are still working, while wrecking the rest of the apartment. But mobile phones start ringing and they're told to turn on a TV, because a plane has just crashed into the World Trade Centre... At ease with the volatility of modernity, Iain Banks is also our most accomplished literary writer of narrative-driven adventure stories that never ignore the injustices and moral conundrums of the real world. His new novel, displays his trademark dark wit, buoyancy and momentum. 'His masterpiece' Jay Rayner 'One of the best opening lines of any novel... a warm, witty and ultimately very poignant book' Guardian An outstanding contemporary novel, about which readers say: 'Banks' masterpiece' 'Iain Banks at his best' 'Read this immediately' 'A story full of wonderful characters' 'It was the day my grandmother exploded. I sat in the crematorium, listening to my Uncle Hamish quietly snoring in harmony to Bach's Mass in B Minor, and I reflected that it always seemed to be death that drew me back to

Gallanach.' Prentice McHoan has returned to the bosom of his complex but enduring Scottish family. Full of questions about the McHoan past, present and future, he is also deeply preoccupied: mainly with death, sex, drink, God and illegal substances... The most violent thunderstorm in living memory occurs above a sleepy village on the West Coast of Scotland. A young couple take shelter in the woods, never to be seen again... \_\_\_\_\_ DCI Jack Russell is brought in to investigate. Nearing retirement, he agrees to undertake one last case, which he believes can be solved as a matter of routine. But what Jack discovers in the forest leads him to the conclusion that he is following in the footsteps of a psychopath who is just getting started. Jack is flung headlong into a race against time to prevent the evolution of a serial killer... A superb standalone novel from the awesome imagination of Iain M. Banks, a master of modern science fiction. Count Sessine is about to die for the very last time... Chief Scientist Gadfium is about to receive the mysterious message she has been waiting for from the Plain of Sliding Stones... And Bascule the Teller, in search of an ant, is about to enter the chaos of the crypt... And everything is about to change... For this is the time of the encroachment and, although the dimming sun still shines on the vast, towering walls of Serehfa Fastness, the end is close at hand. The King knows it, his closest advisers know it, yet still they prosecute the war against the clan Engineers with increasing savagery. The crypt knows it too; so an emissary has been sent, an emissary who holds the key to all their futures. Praise for Iain M. Banks: 'Epic in scope, ambitious in its ideas and absorbing in its execution' Independent on Sunday 'Banks has created one of the most enduring and endearing visions of the future' Guardian 'Jam-packed with extraordinary invention' Scotsman 'Compulsive reading' Sunday Telegraph The Culture series: Consider Phlebas The Player of Games Use of Weapons The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata Other books by Iain M. Banks:

Against a Dark Background Feersum Endjinn The Algebraist There is a world that hangs suspended between triumph and catastrophe, between the dismantling of the Wall and the fall of the Twin Towers, frozen in the shadow of suicide terrorism and global financial collapse. Such a world requires a firm hand and a guiding light. But does it need the Concern: an all-powerful organization with a malevolent presiding genius, pervasive influence and numberless invisible operatives in possession of extraordinary powers? Among those operatives are Temudjin Oh, of mysterious Mongolian origins, an un-killable assassin who journeys between the peaks of Nepal, a version of Victorian London and the dark palaces of Venice under snow; Adrian Cubbish, a restlessly greedy City trader; and a nameless, faceless state-sponsored torturer known only as the Philosopher, who moves between time zones with sinister ease. Then there are those who question the Concern: the bandit queen Mrs. Mulverhill, roaming the worlds recruiting rebels to her side; and Patient 8262, under sedation and feigning madness in a forgotten hospital ward, in hiding from a dirty past. There is a world that needs help; but whether it needs the Concern is a different matter. 'Mollart's intriguing and timely premise is executed with verve - Kings of a Dead World is filmic in its scope.' - Alison Moore

The Earth's resources are dwindling. The solution is the Sleep. Inside a hibernating city, Ben struggles with his limited waking time and the disease stealing his wife from him. Watching over the sleepers, lonely Peruzzi craves the family he never knew. Everywhere, dissatisfaction is growing. The city is about to wake. When Prentice McHoan returns to his home town of Gallanach he meets a former girlfriend of his missing uncle Rory, who provides him with a folder of Rory's writings that inspires him to seek out the man who had disappeared eight years earlier. 'His masterpiece' Jay Rayner 'One of the best opening lines of any novel... a warm, witty and ultimately very poignant book' Guardian An outstanding contemporary novel, about which readers say: 'Banks'

Prentice McHoan has returned to the bosom of his complex but enduring Scottish family. Full of questions about the McHoan past, present and future, he is also deeply preoccupied: mainly with death, sex, drink, God and illegal substances... The New York Times bestselling Culture novel... The Scavenger species are circling. It is, truly, provably, the End Days for the Gzilt civilization. An ancient people, organized on military principles and yet almost perversely peaceful, the Gzilt helped set up the Culture ten thousand years earlier and were very nearly one of its founding societies, deciding not to join only at the last moment. Now they've made the collective decision to follow the well-trodden path of millions of other civilizations; they are going to Sublime, elevating themselves to a new and almost infinitely more rich and complex existence. Amid preparations though, the Regimental High Command is destroyed. Lieutenant Commander (reserve) Vyr Cossont appears to have been involved, and she is now wanted - dead, not alive. Aided only by an ancient, reconditioned android and a suspicious Culture avatar, Cossont must complete her last mission given to her by the High Command. She must find the oldest person in the Culture, a man over nine thousand years old, who might have some idea what really happened all that time ago. It seems that the final days of the Gzilt civilization are likely to prove its most perilous. The first book in Iain M. Banks's seminal science fiction series, *The Culture*. Consider Phlebas introduces readers to the utopian conglomeration of human and alien races that explores the nature of war, morality, and the limitless bounds of mankind's imagination. The war raged across the galaxy. Billions had died, billions more were doomed. Moons, planets, the very stars themselves, faced

destruction, cold-blooded, brutal, and worse, random. The Idirans fought for their Faith; the Culture for its moral right to exist. Principles were at stake. There could be no surrender. Within the cosmic conflict, an individual crusade. Deep within a fabled labyrinth on a barren world, a Planet of the Dead proscribed to mortals, lay a fugitive Mind. Both the Culture and the Idirans sought it. It was the fate of Horza, the Changer, and his motley crew of unpredictable mercenaries, human and machine, actually to find it, and with it their own destruction. The Culture - a human/machine symbiotic society - has thrown up many great Game Players, and one of the greatest is Gurgeh. Jernau Morat Gurgeh. The Player of Games. Master of every board, computer and strategy. Bored with success, Gurgeh travels to the Empire of Azad, cruel and incredibly wealthy, to try their fabulous game...a game so complex, so like life itself, that the winner becomes emperor. Mocked, blackmailed, almost murdered, Gurgeh accepts the game, and with it the challenge of his life - and very possibly his death. Praise for Iain M. Banks: "Poetic, humorous, baffling, terrifying, sexy -- the books of Iain M. Banks are all these things and more" -- NME "An exquisitely riotous tour de force of the imagination which writes its own rules simply for the pleasure of breaking them." -- Time Out This is the first anthropological study of writers, writing and contemporary literary culture. Drawing on the flourishing literary scene in Ireland as the basis for her research, Helena Wulff explores the social world of contemporary Irish writers, examining fiction, novels, short stories as well as journalism. Discussing writers such as John Banville, Roddy Doyle, Colm Tóibín, Frank McCourt, Anne Enright, Deirdre Madden, Éilís Ní Dhuibhne, Colum McCann, David Park, and Joseph O'Connor, Wulff reveals how the making of a writer's career is built on the 'rhythms of writing': long hours of writing in solitude alternate with public events such as book readings and media appearances. Destined to launch a new field of enquiry, Rhythms of Writing is essential reading for

students and scholars in anthropology, literary studies, creative writing, cultural studies, and Irish studies.
