In *The Heart of a Woman*, Maya Angelou leaves California with her son, Guy, to move to New York. There she enters the society and world of black artists and writers, reads her work at the Harlem Writers Guild, and begins to take part in the struggle of black Americans for their rightful place in the world. In the meantime, her personal life takes an unexpected turn. She leaves the bail bondsman she was intending to marry after falling in love with a South African freedom fighter, travels with him to London and Cairo, where she discovers new opportunities. *The Heart of a Woman* is filled with unforgettable vignettes of such renowned people as Billie Holiday and Malcolm X, but perhaps most importantly chronicles the joys and the burdens of a black mother in America and how the son she has cherished so intensely and worked for so devotedly finally grows to be a man. A husband and wife share stories of struggle and triumph along the path of the Buddha, distilling his most essential teachings in this guide that is “luminous in clarity and depth” (Tara Brach, author of *Radical Acceptance*) Husband and wife Kittisaro and Thanissara take turns co-authoring chapters in this deeply personal dharma book exploring the inner practice of meditation in support of awakening. Within the context of the lives of the authors, both monastics in their youth, awakening unfolds as a multifaceted process following the archetypal journey of the hero(ine). Traveling from innocence to disillusionment through the fields of trials and despair that lead to maturity, and ultimately to inspiration and a blessed life, *Listening to the Heart* tells the story of two unconventional individuals who have together embraced spirituality as the keystone of their lives. At the heart of the book, through teachings on the nondual nature of reality, we enter the “intimacy with all things” as revealed in core Buddhist texts. Without ending at the goal of personal freedom, Thanissara and Kittisaro encourage us to go beyond the experience of inner peace to embodying wisdom in acts of service within the world. With a realistic appraisal of our current global crisis in which sustainability is threatened by catastrophic climate change, the authors encourage a preparedness that enables a mindful balance of equanimity and passionate engagement whatever the outcome of our global evolutionary journey. The guiding refuge for this journey is the Buddha, the historical teacher and—most profoundly—that immediate and direct pure awareness, which we all can access. The book also draws on teachings and stories of Buddhist masters who are fearless, funny, and challenging. Eventually, we are led into the Mary-like presence of the goddess of mercy, Kuan Yin who, as a great archetype within Buddhist cosmology, reveals the deepest mystery of our own hearts and our capacity for merciful and compassionate response. As the inner process of awakening unfolds, it transforms seekers and their lives, as modeled by the authors. It both heals the personal self in its journey through its wounds and shadows, and yet at the same time dissolves identification with the self. The book then ends by returning to the simplicity of the authors' primary teacher, Ajahn Chah, with his encouragement to “Be the Dharma.” Scientists today working on controversial issues from climate change to drought to COVID-19 are finding themselves more often in the middle of deeply traumatizing or polarized conflicts they feel unprepared to referee. It is no longer enough for scientists to communicate a scientific topic clearly. They must now be experts not only in their fields of study, but also in navigating the thoughts, feelings, and opinions of members of the public they engage with, and with each other. And the conversations are growing more fraught. In *Getting to the Heart of Science Communication*, Faith Kearns has penned a succinct guide for navigating the human relationships critical to the

success of practice-based science. This meticulously researched volume takes science communication to the next level, helping scientists to see the value of listening as well as talking, understanding power dynamics in relationships, and addressing the roles of trauma, loss, grief, and healing. Tony Cohan's *On Mexican Time*, his chronicle of discovering a new life in the small Mexican mountain town of San Miguel de Allende, has beguiled readers and become a travel classic. Now, in *Mexican Days*, point of arrival becomes point of departure as—faced with the invasion of the town by tourists and an entire Hollywood movie crew, a magazine editor's irresistible invitation, and his own incurable wanderlust—Cohan undertakes a richer, wider exploration of the country he has settled in. Told with the intimate, sensuous insight and broad sweep that captivated readers of *On Mexican Time*, *Mexican Days* is set against a changing world as Cohan encounters surprise and adventure in a Mexico both old and new: among the misty mountains and coastal Caribbean towns of Veracruz; the ruins and resorts of Yucatán; the stirring indigenous world of Chiapas; the markets and galleries of Oaxaca; the teeming labyrinth of Mexico City; the remote Sierra Gorda mountains; the haunted city of Guanajuato; and the evocative Mayan ruins of Palenque. Along the way he encounters expatriates and artists, shady operatives and surrealists, and figures from his past. More than an immensely pleasurable and entertaining travel narrative by one of the most vivid, compelling travel voices to emerge in recent years, *Mexican Days* is both a celebration of the joys and revelations to be found in this inexhaustibly interesting country and a searching investigation of the Mexican landscape and the grip it is coming to have in the North American imagination. Faced with an identity crisis in his work and his life, seasoned traveler and journalist Jeffrey Tayler made a bold decision. He would leave behind his mundane existence in Moscow to re-create the legendary British explorer Henry Stanley's trip down the Congo in a dugout canoe, stocked with food, medicine, and even a gun-toting guide. But once his tiny boat pushed off the banks of this mysterious river, Tayler realized he was in a place where maps and supplies would have no bearing on his survival. As Tayler navigates this immense waterway, he encounters a land of smothering heat and intense rains, wary villagers, corrupt officials and dead-eyed soldiers demanding bribes, jungle animals, mosquitoes, and, surprisingly, breathtaking natural beauty. Filled with honesty and rich description, *Facing the Congo* is a sophisticated depiction of today's Democratic Republic of the Congo, a country brought to its knees by a succession of despotic leaders. But most important, Tayler's stunning narrative is a deeply satisfying personal journey of fear and awakening, with a message that will resonate with anyone who has ever felt compelled, whether in life or in fantasy, to truly explore and experience our world. When Eddy Harris went to Africa, he ended up learning a great deal about his own identity as a black American as well as witnessing both the splendor and squalor of the continent. From encounters with beggars and bureaucrats to a visit to Soweto and a hellish night in a Liberian jail, Harris evokes Africa with candor and vividness. Journey to New York Times bestselling author Meljean Brook's gritty, alluring world of the Iron Seas, and gear up for passionate steampunk adventure... As the mercenary captain of the *Lady Corsair*, Yasmeeen has learned to keep her heart as cold as steel, her only loyalty bound to her ship and her crew. So when a man who once tried to seize her airship returns from the dead, Yasmeeen will be damned if she gives him another opportunity to take control. Treasure-hunter Archimedes Fox isn't interested in the *Lady Corsair*—he wants her coldhearted captain and the valuable da Vinci sketch she stole from him. To reclaim it, Archimedes is determined to seduce the stubborn woman who once tossed him to a ravenous pack of zombies, but she's no easy conquest. When da Vinci's sketch attracts a dangerous amount of attention, Yasmeeen and Archimedes journey to Horde-occupied Morocco—and straight into their enemy's hands. But as they fight to save themselves and a city on the brink of rebellion, the greatest peril Yasmeeen faces is from the man who seeks to melt her icy heart... In this work the author shares several inspiring true stories and poetry of hope and courage, that are particularly meaningful for those who have suffered a hardship or the loss of a loved one. She considers whether there is life after death, and takes readers to a place where they can find love in their hearts, peace in their souls, and happiness in their lives again, even when it seems that all has been lost along the way. The author of the *The Children's Blizzard* delivers an epic work of twentieth century history through the riveting story of one extraordinary Jewish family. In tracing the roots of this family—his own family—Laskin captures the epic sweep of the twentieth century. A modern-day scribe, Laskin honors the traditions, the lives, and the choices of his ancestors: revolutionaries and entrepreneurs, scholars and farmers, tycoons and truck drivers. *The Family* is a deeply personal, dramatic, and emotional account of people caught in a cataclysmic time in world history. A century and a half ago, a Torah scribe and his wife raised six children in a yeshivatown at the western fringe of the Russian empire. Bound by their customs and ancient faith, the pious couple expected their sons and daughter to carry family traditions into future generations. But the social and political crises of our time decreed otherwise. The torrent of history took the scribe's family down three very different roads. One branch immigrated to America and founded the fabulously successful Maidenform Bra Company; another went to Palestine as pioneers and participated in the contentious birth of the state of Israel; the third branch remained in Europe and suffered the onslaught of the Nazi occupation. With cinematic power and beauty, bestselling author David Laskin brings to life the upheavals of the twentieth century through the story of one family, three continents, two world wars, and the rise and fall of nations. Among the explorers made famous for revealing hitherto impenetrable cultures—T. E. Lawrence and Wilfred Thesiger in the Middle East, Richard

Burton in Africa-Knud Rasmussen stands out not only for his physical bravery but also for the beauty of his writing. Part Danish, part Inuit, Rasmussen made a courageous three-year journey by dog sled from Greenland to Alaska to reveal the common origins of all circumpolar peoples. Lovers of Arctic adventure, exotic cultures, and timeless legend will relish this gripping tale by Stephen R. Bown, known as "Canada's Simon Winchester." · Can we sometimes assume a racist motive? · Is there place for anger in dialogue on racism? · Can liberals be racist? In *Run Racist Run*, Eusebius McKaiser explores the non-bloody aspects of contemporary South African racism. In a year when South African students have protested against colonialism's continued presence on university campuses, when acts of racism continue to erupt in social spaces, when brutal racism is witnessed in the United States and elsewhere, it's clear that we urgently need to journey into the heart of racism. Abigail Johannes wasn't interested in romance. Jake Murphy couldn't stand physical contact. They were perfect for each other. When a troubled young man named Jake moves into the little yellow house, he struggles to overcome a painful past and begin a new life outside the prison walls that he had known for so long. Abby's future is secure - or so she had thought. With the prospect of marriage to a childhood friend, and the opportunity to attend college, Abby's life seems already determined. Then the new neighbor arrives, and Abby finds she must learn compassion. As she befriends Jake, the young woman wonders where her future really lies. A memoir about restoring the health of our people, and our democracy, from a physician and "one of the brightest young stars" of the progressive movement (Sen. Bernie Sanders). A child of immigrants, Abdul El-Sayed grew up feeling a responsibility to help others. He threw himself into the study of medicine and excelled—winning a Rhodes Scholarship, earning two advanced degrees, and landing a tenure-track position at Columbia University. At thirty, he became the youngest city health official in America, tasked with rebuilding Detroit's health department after years of austerity policies. But El-Sayed found himself disillusioned. He could heal the sick—even build healthier, safer communities—but that wouldn't address the social and economic conditions causing illness in the first place. So he left health for politics, running for Governor of Michigan and earning the support of progressive champions like Congresswoman Alexandria Ocasio-Cortez and Senator Bernie Sanders. This memoir traces the life of a young idealist, weaving together powerful personal stories and fascinating forays into history and science. Marrying his unique perspective with the science of epidemiology, El-Sayed diagnoses an underlying epidemic afflicting our country, an epidemic of insecurity. And to heal the rifts this epidemic has created, he lays out a new direction for the progressive movement. This is a bold, personal, and compellingly original book from a prominent young leader. "In *Healing Politics*, Abdul El-Sayed doesn't just diagnose the causes of our broken politics; he gives us a prescription and treatment plan." —Representative Pramila Jayapal Winner of the Stanford Dolman Travel Book of the Year (UK) "William Atkins is an erudite writer with a wonderful wit and gaze and this is a new and exciting beast of a travel book."—Joy Williams In the classic literary tradition of Bruce Chatwin and Geoff Dyer, a rich and exquisitely written account of travels in eight deserts on five continents that evokes the timeless allure of these remote and forbidding places. One-third of the earth's surface is classified as desert. Restless, unhappy in love, and intrigued by the Desert Fathers who forged Christian monasticism in the Egyptian desert, William Atkins decided to travel in eight of the world's driest, hottest places: the Empty Quarter of Oman, the Gobi Desert and Taklamakan deserts of northwest China, the Great Victoria Desert of Australia, the man-made desert of the Aral Sea in Kazakhstan, the Black Rock and Sonoran Deserts of the American Southwest, and Egypt's Eastern Desert. Each of his travel narratives effortlessly weaves aspects of natural history, historical background, and present-day reportage into a compelling tapestry that reveals the human appeal of these often inhuman landscapes. "Shaman," which means 'intermediary between spirit and the natural world', is a much over-used and maligned word. It is not a title one can give oneself; it is a vocation and a student is traditionally given this 'job title' by their elders and teachers at a certain point in their journey. This powerful spiritual memoir is the story of Ya'Acov Darling Khan's 30-year journey with shamanism. This healing journey has taken him to the depths of the Amazon, dance studios in New York, the caves of South Wales and to the far North of the Arctic Circle. Ya'Acov will share his experiences of studying with an extraordinary range of Native American and South American teachers, and Gabrielle Roth, and working alongside the Achuar and Sappara peoples of the Ecuadorian Amazon. This beautifully written book is not only a powerful memoir, but a guide book to all those wishing to return to their indigenous roots, and especially to the many people around the world who are looking to bring in a new dream and a new world."--Publisher website. A Unique, Relational Way for Women to Read the Bible in a Year Many women feel overwhelmed at the thought of reading the Bible in a year. Diane Stortz found that it is not only possible but life-changing. Her journey from initial reluctance to excitement about reading the Bible will inspire readers to try it for themselves. Part of a women's group that read through the Bible each year for ten years, the author discovered the value of reading the Bible to get to know God better rather than viewing it only as a book to study. This guide will give women tools to read and discuss the Bible together, drawing them closer to God and each other. Includes a week-by-week reading plan, discussion guide, lists of what to look for, and motivational quotes. WINNER OF THE PRESIGIOUS ETISALAT AWARD AN ADVENTURE-FILLED HISTORICAL-FOLKLORE NOVEL ABOUT A PALESTINIAN GIRL WHO DEVELOPS GREAT HEALING SKILLS AND TRAVELS AROUND THE REGION, SOMETIMES DRESSED AS A MAN Sonia Nimr's

award-winning *Wondrous Journeys in Strange Lands* is a richly imagined feminist-fable-plus-historical-novel that tells an episodic travel narrative, like that of the great 14th century Moroccan traveler Ibn Battuta, through the eyes of a clever and irrepressible young Palestinian woman. The story begins hundreds of years ago, when our hero—Qamr—is born as an outcast, at the foot of a mountain in Palestine, near her father's strange, isolated village. Qamr's mother must solve the mystery of why only boys are born in this odd, conservative village. Then, in *1001 Nights* style, this tale moves into another. Qamr's parents die and a prince with many wives wants to marry her. Qamr takes her favorite book, *Wondrous Journeys in Strange Lands*, and flees through Gaza, to Egypt, where she is captured, enslaved, and sold to the sister of the mad king in Egypt. After escaping, she flees to study with a polymath in Morocco. But when it's discovered she's a girl, she must leave again, disguising herself as a boy pirate to sail the Mediterranean. Through all her fast-paced battles, mysteries, and adventures, Qamr never finds a home, but she does manage to create a family. This groundbreaking book shares the evolution of Cynthia Bourgeault's spiritual journey and offers a new map to understanding energy and our collective reality. In *Eye of the Heart*, Cynthia Bourgeault investigates the imaginal realm—an energetic realm well known to the mystical traditions but often forgotten in our own times. It is invisible to the physical eye, but clearly perceptible through the eye of the heart. The imaginal realm has long been associated with the personal world of dreams, prophecy, and oracles, and it also points toward a higher vision of our human purpose that is both evolutionary and collective. Bourgeault explores both aspects of imaginal reality and shows readers how we can cooperate more fully with its guidance in our lives. Expertly blending her own lived experiences with research on the imaginal realm, Bourgeault explores how her personal relationships have helped to bring these teachings into sharper focus and the role this realm plays in Christian and other mystical traditions. She delves into the connections between our inner consciousness and what happens in the world, exploring the transformative energy and governing conventions that make the manifestation of this realm possible. *Eye of the Heart* presents Bourgeault's spiritual journey with the imaginal realm and encourages readers to attune their hearts for the well-being of the world. The renowned chef and author of *A Platter of Figs* offers new recipes and seasonal menus from elegant diners for one to sumptuous holiday celebrations. For decades, David Tanis has been head chef at the groundbreaking *Chez Panisse*, in Berkeley, California, where the menu consists solely of a single perfect meal that changes each evening. Tanis's recipes are down-to-earth yet sophisticated, simple to prepare but impressive on the plate. In *Heart of the Artichoke and Other Kitchen Journeys*, he shares some of his favorite meals for all occasions. Tanis opens this soulful cookbook with some personal food rituals—treats like jalapeño pancakes, beans on toast, and pasta for one—that are perfect for when it's just you in the kitchen with no one else to satisfy. Then he follows with twenty incomparable menus (five per season) that serve four to six. And for grand occasions, Tanis delivers festive menus for holiday feasts. Along with these recipes, Tanis shares memories and insights from a life of loving food. In the author's "love letter across the generations", essays capture America's melting pot, particularly Baltimore's, in all its rollicking, good-natured, and chaotic essence. 25 halftones. One of the most brilliant journalists of the postwar world, Kapuscinski (born 1932) spent decades criss-crossing Africa, witnessing the horrors of a continent ravaged by imperialism and its aftershocks. Humane, evocative and magical, *The Cobra's Heart* makes the case for Kapuscinski as a great writer as well as a great journalist. *Great Journeys* allows readers to travel both around the planet and back through the centuries - but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things- Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered. The Pulitzer Prize-winning author of *The Color Purple*, *Possessing the Secret of Joy*, and *The Temple of My Familiar* now gives us a beautiful new novel that is at once a deeply moving personal story and a powerful spiritual journey. In *Now Is the Time to Open Your Heart*, Alice Walker has created a work that ranks among her finest achievements: the story of a woman's spiritual adventure that becomes a passage through time, a quest for self, and a collision with love. Kate has always been a wanderer. A well-published author, married many times, she has lived a life rich with explorations of the natural world and the human soul. Now, at fifty-seven, she leaves her lover, Yolo, to embark on a new excursion, one that begins on the Colorado River, proceeds through the past, and flows, inexorably, into the future. As Yolo begins his own parallel voyage, Kate encounters celibates and lovers, shamans and snakes, memories of family disaster and marital discord, and emerges at a place where nothing remains but love. Told with the accessible style and deep feeling that are its author's hallmarks, *Now Is the Time to Open Your Heart* is Alice Walker's most surprising achievement. In this follow-up to the popular *Pictures of God*, John Skinas introduces children to some of the ancient icon archetypes most treasured by Orthodox Christians--from the Icon Not Made by Hands to the Pantocrator of Sinai. From God to You follows the path of the icon through history and encourages children to mindfully consider icons and their stories as windows of inspiration and doorways to prayer. "Burned, smashed, and buried, icons have endured a great deal as they've made their way from God to you. They've reached you because He wants them in your church, in your home, and in your hands. But most of all, God

wants you to keep His image in your heart, where, if you listen closely, you can hear His message with every beat. . . ." Originally released in 2007, "Year of Rumi," to coincide with the poet's 800th birthday, by the pre-eminent Rumi poet Coleman Barks. In Rumi: Bridge to the Soul, Coleman Barks—who holds an honorary doctorate in Persian language and literature by the University of Tehran for his decades-long translations of Rumi—has collected and translated ninety new poems, most of them never published before in any form. The "bridge" in the title is a reference to the Khajou Bridge in Isfahan, Iran, which Barks visited with Robert Bly in May of 2006—a trip that in many ways prompted this book. The "soul bridge" also suggests Rumi himself, who crosses cultures and religions and brings us all together to listen to his words, regardless of origin or creed. Open this book and let Rumi's poetry carry you into the interior silence and joy of the spirit, the place that unites conscious knowing with a deeper, more soulful understanding. Heartwarming stories of love. Romance, adventure, and the dreams of youth. Tucked between these pages are other true stories about the journeys of spirited women. Twenty years ago, Dan Flores's Caprock Canyonlands became one of the first books ever to treat the flat, arid landscape of the southern High Plains as a place of uncommon beauty and enduring spirit. Now a classic, Caprock Canyonlands has been favorably compared by readers to the work of such icons of nature and environmental writing as William Bartram, Aldo Leopold, John Muir, and Henry David Thoreau. Containing the author's stunning photography, a foreword by Pulitzer Prize-winning author Annie Proulx, author of "Brokeback Mountain," an afterword by environmental historian Thomas R. Dunlap, and a new preface by the author, this twentieth anniversary edition makes available to a new generation of readers Flores's knowledgeable and heartfelt narrative of the canyons and badlands of eastern New Mexico and western Oklahoma and Texas. He evokes the history and natural history that shaped the region, drawing upon geology, mythology, botany, art, history and natural history that shaped the region, drawing upon geology, mythology, botany, art, history, and literature. "Caprock Canyonlands keeps its place on our bookshelves . . . for its exploration of a deeply human activity: the search for the beauty of the earth, the depth and strength of our ties to it, and the ways those appear in a particular landscape . . . here illuminated by love."—from the afterword by Thomas R. Journey to the Heart by New York Times bestselling author of Codependent No More, Beyond Codependency, and Lessons of Love, contains 365 insightful daily meditations that inspire readers to unlock their personal creativity and discover their divine purposes in life. "Melody Beattie gives you the tools to discover the magnificence and splendor of your being."—Deepak Chopra, author of Jesus and Buddha A dazzling work of personal travelogue and cultural criticism that ranges from the primitive to the postmodern in a quest for the promise and meaning of the psychedelic experience. While psychedelics of all sorts are demonized in America today, the visionary compounds found in plants are the spiritual sacraments of tribal cultures around the world. From the iboga of the Bwiti in Gabon, to the Mazatecs of Mexico, these plants are sacred because they awaken the mind to other levels of awareness—to a holographic vision of the universe. Breaking Open the Head is a passionate, multilayered, and sometimes rashly personal inquiry into this deep division. On one level, Daniel Pinchbeck tells the story of the encounters between the modern consciousness of the West and these sacramental substances, including such thinkers as Allen Ginsberg, Antonin Artaud, Walter Benjamin, and Terence McKenna, and a new underground of present-day ethnobotanists, chemists, psychonauts, and philosophers. It is also a scrupulous recording of the author's wide-ranging investigation with these outlaw compounds, including a thirty-hour tribal initiation in West Africa; an all-night encounter with the master shamans of the South American rain forest; and a report from a psychedelic utopia in the Black Rock Desert that is the Burning Man Festival. Breaking Open the Head is brave participatory journalism at its best, a vivid account of psychic and intellectual experiences that opened doors in the wall of Western rationalism and completed Daniel Pinchbeck's personal transformation from a jaded Manhattan journalist to shamanic initiate and grateful citizen of the cosmos. Moving into the Heart There is movement associated with entering the sacred space of the heart. Without this movement, your brain only imagines that you are in the sacred space of the heart, but this is not true. In Journeys into the Heart, you will find exercises that show you how to move your spirit there. If you have never done this before, it may seem a

little strange, but you will get it. The master authorized to guide you into your heart is the spirit behind the eyes reading these words now. That is you. Read and enjoy practicing and applying all the methods we offer you. Decide the appropriate one for you. Then practice, practice, and practice again, and remember who you really are. Last, read about our experiences entering the heart, about the prayer of the heart, and living in the heart. You might find them very helpful on your own spiritual journey.

Remember, you and I are alike. I am you and you are me. —Drunvalo Melchizedek and Daniel Mitel Burnout is common among doctors in the West, so one might assume that a medical career in Malawi, one of the poorest countries in the world, would place far greater strain on the idealism that drives many doctors. But, as *A Heart for the Work* makes clear, Malawian medical students learn to confront poverty creatively, experiencing fatigue and frustration but also joy and commitment on their way to becoming physicians. The first ethnography of medical training in the global South, Claire L. Wendland's book is a moving and perceptive look at medicine in a world where the transnational movement of people and ideas creates both devastation and possibility. Wendland, a physician anthropologist, conducted extensive interviews and worked in wards, clinics, and operating theaters alongside the student doctors whose stories she relates. From the relative calm of Malawi's College of Medicine to the turbulence of training at hospitals with gravely ill patients and dramatically inadequate supplies, staff, and technology, Wendland's work reveals the way these young doctors engage the contradictions of their circumstances, shedding new light on debates about the effects of medical training, the impact of traditional healing, and the purposes of medicine. In *Journeys to the Heart of Baltimore*, veteran journalist Michael Olesker writes of Baltimore's melting pot in all its rollicking, sentimental, good-natured, and chaotic essence. The stories come from neighborhood street corners and front stoops, playgrounds and school rooms, churches and synagogues, and families gathered around late-night kitchen tables. The D'Alesandro political dynasty comes to life here, and so do Lenny Moore and Artie Donovan of the legendary Baltimore Colts. The old East Baltimore ethnic enclaves nurture youngsters named Barbara Mikulski and Ted Venetoulis, and out of West Baltimore comes the future Afro-American newspaper publisher Jake Oliver. *Journeys to the Heart of Baltimore* is a delightful reminder of the nation's ethnic and racial mosaic, home to a future governor named Martin O'Malley and a future U.S. Representative named Dutch Ruppersberger. Boys from Baltimore's Little Italy, like John Pica, go off to fight a war in Italy when they know their allegiance is being tested. And a city struggles through racial convulsions, remembered by those such as John Steadman and Father Constantine Sitaris. Winner of the 1988 Crossroad Women's Studies Award Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are. Using a style that draws students into the ongoing inquiry into how intimate relationships work, *Love and Intimate Relationships* investigates the life cycle of relationships influences that affect them, theories behind them, and ways to improve them. Dozens of stories from students themselves, case examples and over 150 tables, figure, and the cartoons of Don Edwing of *Mad Magazine* help bring the material alive. The book is also unique in exploring aspects of human relationships not covered in other textbooks on the subject. *Love and Intimate Relationships* helps bring the complex issues surrounding intimate relationships into focus for students from diverse backgrounds. The multidisciplinary perspective of the textbook makes it ideal for introductory courses in psychology, marriage counseling, human relations, and sexuality, and interpersonal relationships "An archive of real-life stories about all aspects of human relationships" curated by a man traveling on foot throughout Scotland (BBC Arts). Matt Hopwood set off with just a small bag and a walking stick, no possessions and an open mind to walk many hundreds of miles the length and breadth of the country. He relied entirely on the generosity of strangers for shelter and asked people to tell him their transforming stories. They did. All of these deeply enthralling, profoundly honest stories weave a web of tenderness, connection, compassion and community. For some people their love story will span decades and tell a tale of romantic love evolving through the passing years. Others' stories express

fleeting moments of connection, care, concern. Most love stories are marked by sadness and loss. Some stories are concerned with maternal and paternal love, others with a love of place, a visceral connection with spirit through landscape. Love stories also connect deeply with our identities, in how we belong and how we are welcomed in society. Each story is different. Each beautiful. Each valuable. "A delicately woven tapestry of human life, collected by a stranger who offered an ear to listen without judgment and who has the depth of soul to interpret the complicated layers of love." —from the foreword by Clare Balding "This thoughtfully presented lexicon of love contains honest accounts from men and women of all ages and offers an antidote to a life where it can be surprisingly hard to say 'I love you.'"—The Wee Review "A picaresque adventure and spiritual coming-of-age tale — On the Road crossed with Henderson the Rain King... Deeply affecting." —Michiko Kakutani, The New York Times Longlisted for an Andrew Carnegie Medal for Excellence in Fiction A captivating, often hilarious novel of family and wilderness from the bestselling author of The Circle, this is a powerful examination of our contemporary life and a rousing story of adventure. Josie and her children's father have split up, she's been sued by a former patient and lost her dental practice, and she's grieving the death of a young man senselessly killed. When her ex asks to take the children to meet his new fiancée's family, Josie makes a run for it, figuring Alaska is about as far as she can get without a passport. Josie and her kids, Paul and Ana, rent a rattling old RV named the Chateau, and at first their trip feels like a vacation: They see bears and bison, they eat hot dogs cooked on a bonfire, and they spend nights parked along icy cold rivers in dark forests. But as they drive, pushed north by the ubiquitous wildfires, Josie is chased by enemies both real and imagined, past mistakes pursuing her tiny family, even to the very edge of civilization. A tremendous new novel from the best-selling author of The Circle, Heroes of the Frontier is the darkly comic story of a mother and her two young children on a journey through an Alaskan wilderness plagued by wildfires and a uniquely American madness. Travel is submersion into not-knowing. It shows us the depth and the essence of understanding and awakens us to universal experience. I traveled the world with my son Hudson - leaving behind American consumerism and going out in search of adventure - because I wanted to share with him my growing interest in other ways of living, thinking and doing. Travels with My Son is my story about how we learned to love the world together. 2007 is the "Year of Rumi," and who better than Coleman Barks, Rumi's unlikely, supremely passionate ambassador, to mark the milestone of this great poet's 800th birthday? Barks, who was recently awarded an honorary doctorate in Persian language and literature by the University of Tehran for his thirty years of translating Rumi, has collected and translated ninety new poems, most of them never published before in any form. The result is this beautiful edition titled Rumi: Bridge to the Soul. The "bridge" in the title is a reference to the Khajou Bridge in Isphahan, Iran, which Barks visited with Robert Bly in May of 2006—a trip that in many ways prompted this book. The "soul bridge" also suggests Rumi himself, who crosses cultures and religions and brings us all together to listen to his words, regardless of origin or creed. Open this book and let Rumi's poetry carry you into the interior silence and joy of the spirit, the place that unites conscious knowing with a deeper, more soulful understanding.
