There Are More Beautiful Things Than Beyonce Nov 19 2022 A TIME Magazine Best Paperback of 2017 A Publishers Weekly Best Poetry Collection of Spring A Paris Review Staff Pick A Most Anticipated Book of 2017 at NPR.org, BuzzFeed, VICE, NYLON, and more "This is a marvelous book. See for yourself. Morgan Parker is a fearlessly forward and forward-thinking literary star." —Terrance Hayes The only thing more beautiful than Beyoncé is God, and God is a black woman sipping rosé and drawing a lavender bath, texting her mom, belly-laughing in the therapist's office, feeling unloved, being on display, daring to survive. Morgan Parker stands at the intersections of vulnerability and performance, of desire and disgust, of tragedy and excellence. Unrelentingly feminist, tender, ruthless, and sequined, these poems are an altar to the complexities of black American womanhood in an age of non-indictments and déjà vu, and a time of wars over bodies and power. These poems celebrate and mourn. They are a chorus chanting: You're gonna give us the love we need.

The Bricks that Built the Houses Apr 19 2020 The highly anticipated debut novel from Kae Tempest--acclaimed poet, playwright, rapper, and recording artist--proves their talent to be boundless and unstoppable. Becky, Harry, and Leon are leaving London in a fourth-hand Ford with a suitcase full of stolen money, in a mess of tangled loyalties and impulses. But can they truly leave the city that's in their bones? Kae Tempest's novel reaches back through time--through tensely quiet dining rooms and crassly loud clubs--to the first time Becky and Harry meet. It sprawls through their lives and those they touch--of their families and friends and faces on the street--revealing intimacies and the moments that make them. And it captures the contemporary struggle of urban life, of young people seeking jobs or juggling jobs, harboring ambitions and making compromises. The Bricks that Built the Houses is an unexpected love story. It's about being young, but being part of something old. It's about how we become ourselves, and how we effect our futures. Rich in character and restless in perspective, driven by ethics and empathy, it asks--and seeks to answer--how best to live with and love one another. Kae Tempest, a major talent in the poetry and music worlds, sits poised to become a major novelist as well.

It is about how catastrophic events and political and economic forces shape the most intimate

aspects of everyday life. In this gripping account, anthropologist Greg Beckett offers a stunning ethnographic portrait of ordinary people struggling to survive in Port-au-Prince in the twenty-first century. There's More! Different Destinies Dec 08 2021 If you are a Christian, this book will change your entire outlook on life, both here and hereafter. Yours' is a destiny greater than that of those who have gone before you. We have been told, but we have not fully grasped the full meaning of, "the message". Your destiny is not with God in Heaven, but with Christ here upon Earth along with your friends and loved ones. This book will tell you why. We will go back and examine the Old Testament in light of New Testament Teachings to see whether similar promises were made to those who went before us. In so doing, we will discover many interesting ideas, which are not a part of our current biblical study. Did Adam and Eve have children before they fell from Grace? What was Adam's choice? We will use current theories, such as Cataclysmic Change, and current discoveries in the fields of science to see how the Almighty God used the powers of His creation to bring about the fulfillment of His purpose. When was the Earth divided? What do Egypt and Mars have in common? When did the Poles reverse? The ways in which God used His awesome power are mind boggling and they are recorded in the Scriptures and other chronicles around the World. Whether you agree or not, it will stimulate your mind and is certain to be a topic of discussion, not only by Christians but also by others with inquiring minds.

There's More Leaves on the Tree Jul 03 2021 *There's More Leaves on the Tree* is about the author's 14 year journey in search of his great grandfather's Frank Bilberry's white father and African American mother. The book starts out with a visit to his grandfather's Ladell Bilberry old home site. The visit reveal that the old home site was now overtaken by the forest where it can barely be found any longer. The home he knew as a child has now fallen down with a few remnants left from the past. It was a place where his ancestral family and extended families once bought land raised and sold crops to make the best living they could. He reminiscences about how his mother and father once lived in this area. His mother really didn't like living on a farm and designed a way to convince her husband to move closer to the town of Marion, Louisiana. The author writes a chapter about "The End of Jim Crow Education" in Union Parish, Louisiana. He recalls how the Plessey vs Ferguson doctrine of 1896 and the Brown vs Education doctrine of 1954 co-existed at the same time. One law allowed African Americans to have separate but equal facilities as Whites but in 1954 the Brown vs Board of Education stated it was acceptable to go to the same schools. The book delineates the struggle his high school, the community and the Union Parish School Board had in trying to reconcile this dilemma when it was time for the senior class to graduate in 1970. The Bilberry surname originated from White immigrants from Alabama who made their way to the rich fertile land of Union Parish, Louisiana. Most of them bought land, raised and sold crops to make their living. Many owned slaves. Slaves were valuable property to the slave owners. Many mulatto children were fathered by slave owners with the slave female. It was not uncommon for this to continue after the emancipation of the slaves. The latter is the case with Frank Bilberry. He was born circa 1878 to a former slave holder that lived near his mother's family. His white father sired several other sister and brothers other slave and former wome. Like many other slaves of South several slaves used the surname Bilberry after their master's name after being emancipated. The book is filled with pictures that follows along with the story of the book. It has an extensive appendix at the end of the book that includes death certificates, marriage licenses, land patents, obituaries and photographs of both white and black Bilberry's and their extended families (Honeycutts, Horn, Nelson, Bridges, Feazel, Wilhite, Warren, Burch, Ellis, Archie, Armstrong, Roberts, Robinson, Montgomery and more) of Union Parish, Louisiana. Every Family has a family story to tell but someone must be willing to tell it.

There's More to Life Than This May 21 2020 For fans of TLC's Long Island Medium and anyone interested in the big questions of life, death, and finding out what's important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium--whether she's talking to her family, the local butcher, or the souls of those who've passed on--began communicating with Spirit at the age of four, but didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she's used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're now with you in a different way--watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it's healthy and essential to acknowledge them. *There's More to Life Than This* lends insight on how Theresa's mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so that you can recognize when your loved ones are reaching out. Through Theresa's personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we're meant to embrace every day.

There is More Than One Way to Spell Wiener Feb 16 2020 For almost 75 years, one of Macon's most famous eating establishments, Nu-Way, has intentionally misspelled the word W-E-I-N-E-R on its marquee. Thanks to those misplaced vowels of neon sign-maker in 1937, the restaurant has had a conversation piece on the plate with its legendary hot dogs. James Mallis immigrated to Macon from Greece and opened the city's first fast-food restaurant on historic Cotton Avenue in 1916. Nu-Way is now the second-oldest hot dog stand in America, just a month shy of Nathan's on Coney Island in New York. In his eighth book, *There's More Than One Way To Spell Wiener*, Macon Telegraph columnist Ed Grisamore tells the amazing story of how Nu-Way became a cultural and culinary icon. Nu-Way is part of the fabric of Macon, Georgia. Nearly everyone in town has a Nu-Way story. When people move away, Nu-Way is one of the first places they visit when they come back. One woman who drove 600 miles for a Nu-Way and ordered 125 to go. But it's not just about the food. It's real. It's nostalgic. It's a melting pot. To go downtown for a hot dog at noon is to see the common denominator of businessmen in three-piece suits sharing the same lunch counter with blue-collar workers and homeless people off the streets. The book covers the generations of Macon families that have worked at Nu-Way, captures the passion of its loyal customers and tells the story of how the Norman Rockwell-like logo was painted by a former fire chief. Even Oprah Winfrey dropped by for a chili dog and a diet Coke and hundreds of people crowded into the tiny restaurant. Grisamore has been known to satisfy his cravings for slaw dogs (voted No. 1 by *The New York Times*) several times each week.

There's More to New Jersey than the Sopranos Jun 14 2022 An American tourist in Europe stopped at a restaurant in Gdansk, Poland, and struck up a conversation with a local. "Where do you come from?" he asked. "New Jersey," she said. He smiled and replied, "Ah, Sopranos!" Even fans of that popular show, one that held viewers captive, may be a bit disheartened to discover that the first thing that pops into minds around the world about New Jersey is a dysfunctional crime family, just an exit or two off the infamous N.J. Turnpike. But there's no need to live in fear that the only culture and history that the state is known for is, well, let's say, a bit of bada bing. Actually, the echo of the Big Bang's cosmic event that marked the birth of our universe some 13.7 billion years ago was first identified by scientists from Bell Labs in Murray Hill, New Jersey. In this lively romp through history from the primitive past to the present day, Marc Mappen's message resonates--There's More to New Jersey than the Sopranos. Real tales, wise tales, tall tales abound throughout the pages of Mappen's collection, filled with zest, humor, scandal, and occasionally tragedy. Annie Oakley. Ulysses S. Grant. Benedict Arnold. Ezra Pound. Shoeless Joe Jackson. These luminaries and many others share a common bond with the state that witnessed prehistoric elephants roaming its pastures, the explosion on the USS Princeton, a Martian invasion, famous firsts like the phonograph, electric light, and movies, and, well, step aside Tony Soprano: mobster Al Capone strolling along the Atlantic City boardwalk. Providing a lens into American history through lively prose and more than twenty-five illustrations, *There's More to New Jersey than the Sopranos* is as much fun as a trip to the Jersey Shore and definitely more rewarding than a night home watching television--simply stated, this book is one you can't refuse to read.

But Wait, There's More... Aug 16 2022 Catchy phrases, chants at cricket matches and jingles which consumers just can't get out of their heads--the best advertising stands out because it is creative, clever and, most importantly, funny. Advertising in Australia can be traced back to the early 1900s, when spruikers wooed the public with appeals to vanity, health and patriotism. By the time Australia had endured two World Wars, the Depression, economic downturns, political upheavals and direct confrontations, the advertising industry had not only survived, but had become a multi-billion dollar industry, with an enormous influence over people's everyday lives and their spending habits. *But Wait, There's More* is the first detailed history of the Australian advertising industry, exploring its development over the course of the twentieth century from a disorganised group of individuals selling newspaper space to a multi-billion dollar enterprise run by giant transnationals. It follows the admen and adwomen who worked to convert their audiences into consumers and examines their ongoing quest for legitimacy in the face of new technologies and an increasingly sophisticated and media-savvy audience.

The Bible tells of ordinary people who experienced God's presence and went on to do extraordinary things. *There Has To Be More* will show you how God is on your side--ready to lead you into a deeper walk and greater purpose!

There's More to Life than the Pursuit of Money Jan 29 2021 The idea of *There's More to Life than the Pursuit of Money* came in 2010 from Glen Jr.'s decision to leave a promising, lucrative NFL career with the San Francisco 49ers due to a spiritual awakening. According to Glen, God spoke to him. "Glen, I want you to retire from the NFL and go out into the world and spread my word!" As God spoke to my son, He spoke to my heart as well. This life-changing experience with God has definitely put a spirit in our hearts that will not rest! Chapter 7 of our book is titled "Glen Finds Christ at Bama" and really reveals how the Holy Spirit started molding Glen for the path that God was preparing for him. When our adult children team up with Christ to combat sin, we as parents can then claim our victories. Our book covers Glen's relationship with God in Fort Walton Beach, Florida, at Bruner Middle School to Fort Walton High, and on to the University of Alabama under legendary coach Nick Saban. After that life-changing decision, Glen Jr. became an inspirational speaker and joined the United States Army and served four years as an Army Ranger. In this profound correspondence, we wanted to be transparent showing our audience that we're imperfect people

living in an imperfect world. We also wanted to show our readers how we submitted our hearts to Jesus Christ! The world tends to worship money, the more we get the more we want. There's More to Life than the Pursuit of Money show's our readers how dangerous money is when used out of context and also shows how God created it for enjoyment. There's More to Life than the Pursuit of Money is unbiased and based on biblical truths that will challenge us humans to look in the mirror and lament for Christ! Glen and I are inviting you to take an honest look at your relationship with Christ and communicate with Him, just like He communicated with us and inspired us to write There's More to Life than the Pursuit of Money!

What Got You Here Won't Get You There Mar 19 2020 Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.

There'S More Room in an Empty Heart Mar 31 2021 Two hundred new poems from David Sanders including: Just to the East of Despair Just to the east of despair Is a land of devil-may-care, A place to go when nothing is fair Just to the east of despair. Your chances to dismiss This potentially harmful abyss Are better if you forget what you miss. Just to the east of despair Is a land of truth-or-dare, A place to go at the end of an affair Just to the east of despair.
