The Oversoul Seven Trilogy Oct 10 2021 *The Oversoul Seven Trilogy* is one of the most imaginative tales ever written. Inspired by Jane Roberts' own experiences with the Seth Material, it explores life, death, time and space, providing a fascinating and provocative perspective on the nature of reality. In *The Education of Oversoul Seven*, Seven learns to communicate with four of his "incarnations" whose lives are separated by centuries, yet who also co-exist. In *The Further Education of Oversoul Seven*, the adventure continues with Seven facing new lessons as his human incarnations struggle with the problems of sanity, free will, and even godhood. In *Oversoul Seven* and the *Museum of Time*, Seven journeys to the *Museum of Time* in search of the "Codicils," which are eternal truths that bring about the greatest opportunities for vitality, understanding, and fulfillment. The adventures of *Oversoul Seven* are at once an intriguing fantasy, a mind-altering exploration of our inner being, and a vibrant celebration of life. **The Unknown Reality, Volume One** Apr 23 2020 From the Bestselling Author of *Seth Speaks* In this mind-stretching journey into the very frontiers of consciousness, Seth reveals the multidimensional nature of the human soul. In *Seth Speaks*, Seth introduced the concept of "probable realities," in which our idle daydreams and unfulfilled impulses do take place, in which all possible choices are fully experienced by other portions of the self. Now in this first volume of *The "Unknown" Reality*, Seth explains the dazzling labyrinths of unseen probabilities involved in any decision, and how our awareness of these can enrich the waking life we know. In a fascinating exploration of the cosmic web of our existence, Seth reveals: • The purpose of dreams, and how they are often fulfilled unconsciously • Misconceptions about death and the afterlife • How different probable realities intersect and influence one another • The relationship between physical health and inner reality • A series of exercises to help you discover the unknown portions of your greater identity "The self is multidimensional when it is physically alive. It is a triumph of spiritual and psychological identity, ever choosing from a myriad of probable realities its own clear unassailable focus. When you don't realize this, then you project upon life after death all of the old misconceptions. . . . The fact is that in life you poise delicately and yet perfectly between realities, and after death you do the same." — Jane Roberts, Speaking for Seth

The Nature of Personal Reality (A Seth Book) Sep 28 2020 In this perennial bestseller, Seth challenges our assumptions about the nature of reality, and shows us how we create our personal reality through our conscious

beliefs about ourselves, others, and the world. His message is clear: we are not at the mercy of the subconscious, or helpless before forces we cannot understand. "We are Gods couched in creaturehood," Seth says, "We are given the ability to form our experience as our thoughts and feelings become actualized." "Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life." — Marianne Williamson "I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early '70s when Jane Roberts first channeled this material." — Louise Hay

Jane Roberts' a View from the Other Side Nov 11 2021 Many of you on Earth are talking about ascension. You are talking about ascending, that is, raising frequency. We want to talk with you about this. First, there isn't just one ascension. It is a process. It is happening now--on your planet and in other universes. It is a cooperation of energies working together. Many people on Earth are working together, and you are joined by the energies of other universes to assist you in your endeavor because they have the same goal. When you increase vibration, so do they. When you raise frequency, so do they. When you improve, so do they. When you vibrate at a faster speed, when you make corrections of earthly errors, so to speak, they benefit and there is a collective sigh of relief in the heavens. Death of the body is one form of ascension. It is a process, not a static state, and it is a rather effective and efficient one we might add, because one form of density is shed at the moment of death of the body and the spirit is free to soar and to vibrate more efficiently. Many of you on Earth are now learning to do this within the bodily framework, and we spirits are pleased with your work. We are proud of you. You are continuing a work that we understand because we did the best we could during our own earthly lives, and we love to see the work carried on. Things are the way they are. And that's about the best we can do in the way of analyzing them. What had meaning for us only has energy now and, undiluted by our own false meaning-giving, it is pure energy. It is very relaxing to realize we don't have to do anything with words or events. Except observe. Just notice. This state doesn't do much for our accounting skills or our golf games, but those could be relearned if we return to Earth and put the effort into it. It is always a choice.

Speaking of Jane Roberts Sep 21 2022 Poet, novelist, author of the Seth Material, Jane Roberts's books have sold over 7.5 million copies. She was one of the most important psychics of the twentieth century. Now, *Speaking of Jane Roberts* reveals a woman as fascinating as the material she produced. Susan Watkins and Jane Roberts were friends for sixteen years. Early on, Seth, the entity who spoke through Roberts, told the two women that they were counterparts, connected in this particular lifetime to work out some shared personal issues. In addition to being a compassionate and sometimes painfully honest look at Roberts's life--her difficult childhood, her constant

questioning of psychic abilities and sources of creativity, her resistance to Seth's advice, her dramatic struggles with her health. Speaking of Jane Roberts is also a beautiful and applicable illustration of the counterpart relationship. The connection that Watkins and Roberts shared reveals something important about the power and mystery of the connections we all share with the people closest to us. * Watkins also offers original insights into the phenomenon of channeling.

Lady Chatterley's Lover Jun 06 2021 Ours is essentially a tragic age, so we refuse to take it tragically. The cataclysm has happened, we are among the ruins, we start to build up new little habitats, to have new little hopes. It is rather hard work: there is now no smooth road into the future: but we go round, or scramble over the obstacles. We've got to live, no matter how many skies have fallen. This was more or less Constance Chatterley's position. The war had

brought the roof down over her head. And she had realized that one must live and learn.

"The Seth books present an alternate map of reality with a new diagram of the psyche . . . useful to all explorers of consciousness." — Deepak Chopra "Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life." — Marianne Williamson "I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early '70s when Jane Roberts first channeled this material." — Louise Hay Dreams, "Evolution," and Value Fulfillment, Volume Two Dec 12 2021 In the first volume of *Dreams, "Evolution," and Value Fulfillment*, Seth presented an in-depth picture of the origin of all life — from the inner dream world to the vast display of material creation. The Unknown Reality Aug 08 2021 Claims the existence of another level of being in which all possible choices, probable events, and parallel lives are fully explored

The Individual and the Nature of Mass Events (A Seth Book) Jul 19 2022 Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs. But how do our realities merge and combine to form mass reactions such as the overthrow of governments, the birth of a new religion, wars, epidemics, earthquakes, and new periods of art, architecture, and technology? In this pioneering work, Seth explores the connection between personal beliefs and world events. He pinpoints the unconscious, and often negative, beliefs pervading science and religion, medicine and mythology, and offers thought-provoking reflections on Darwinism, Freudianism, religions, cults, and medical beliefs. With fascinating implications, Seth asserts that the personal impulses we are often taught to see as dangerous, chaotic, or contradictory, are instead crucial to the best interests of the species and the natural world, for they lead us to live "not only as loving caretakers, but as partners with other species." "Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probably futures the most promising events..." — Jane Roberts, *Speaking for Seth*

Psychic Politics May 25 2020 "The ego rises from the civilization of the psyche just as a leader rises from the masses of the people: appointed, chosen, or taking control according to an inner politics first existing within the greater inner mind." Jane Roberts, *Psychic Politics* *Psychic Politics* is Jane Roberts's search for the rules that govern our inner life—the links between daily, subjective experience and the greater Reality that nourishes all of our existence. This is not only her most challenging book, but a very personal investigation in which the sources of dream and myth, and the creative wellsprings of sex and spirituality, appear in their full and breathtaking relationship to daily life. And, here for the first time, Roberts introduces her theories of "counterparts," the "library," and the "codicils," concepts that are key to understanding her entire body of work.
