Treasure in Clay Jars Aug 18 2022 There is growing literature on the need for local congregations to become more mission-minded, yet churches lack the know-how for turning conviction into practice. This volume highlights eight tangible characteristics currently being modeled by nine congregations from across North America.

5Q Apr 14 2022 In the pages of this book, Alan Hirsch takes us on a really deep dive into the fivefold (APEST) typology of ministry as articulated in Ephesians 4:1-16, but he takes us to a depth and scope that few (if any) have ventured before. By laying out the most comprehensive model of APEST to date--one that

incorporates deep theology as well as innovative practice--Hirsch once again demonstrates his almost uncanny capacity to change not only the conversation itself, but also the scorecard on how we understand calling, church, leadership, and organization. [Transformational Groups](#) Dec 22 2022 God declared through the Apostle Paul that the church would be a place of transformation. In 2 Corinthians 5:17 we find, Therefore, if anyone is in Christ, he is a new creation; old things have passed away, and look, new things have come. Despite this, the church seems increasingly to be a place where transformation fails to occur. Surveying the

landscape, however, there are some bright spots where churches are faithfully producing transformed disciples. Furthermore, as shown in Scripture and supported by new research, God designed such transformation to often happen in the context of smaller groups of people. But what characteristics are true of churches that are making transformed disciples through group-based ministry—whether small groups, missional communities, Sunday school, or some other expression of groups? In *Transformational Groups*, Ed Stetzer and Eric Geiger have created a new scorecard that will provide a map to transformational success for your church's groups ministry. Using data from the largest survey of pastors and laypersons ever done on the condition of groups in the church, they define a simple process to lead your groups from where they are to where God wants them to be. *The Community of the King* Mar 01 2021 Howard A.

Snyder probes the relationship between the kingdom of God and our daily experience of the church.

Missional Communities Jul 17 2022 The third book in the trilogy that explores the popular missional movement From Reggie McNeal, the bestselling author of *The Present Future* and *Missional Renaissance*, comes the third book in the series that helps to define and illuminate the popular missional movement. This newest book in the trilogy examines a natural outgrowth of the move toward a missional orientation: the deconstruction of congregations into very small Christian communities. For all those thousands of churches and leaders who have followed Reggie McNeal's bold lead, this book details the rise of a new life form in churches. Discusses how to move a church from an internal to an external ministry focus Reggie McNeal is a recognized leader in the missional movement Outlines an alternative to the program church model that is focused on the projects and

Breakthrough Nov 21 2022 A
church without discipleship is
just a gathering. It is an
important distinction that many
pastors and leaders have
known for years. In leading
their churches well, pastors
have provided a trustworthy
curriculum, enlisted gifted
teachers, and have made sure
to offer times for members to
gather and fellowship with
each other. However, amid all
these gatherings, one question
kept popping up among
leaders, "How do we know if
what we are doing is working?"
Over the years, leaders have
tried to answer this question
with numbers. If people
attended these groups and
seemed to enjoy the material,
then they must be finding
success. Ken Braddy, the
director of Sunday school for
Lifeway Christian Resources,
felt that there had to be a

better way to measure what
matters. In Breakthrough, Ken
guides leaders to measure their
groups by observing if they are
discipling each other, if they
are caring for others in and
outside of their group, and if
they are engaging in acts of
service. Breakthrough offers a
new scorecard for leaders to
not only track the progress of
their groups but measure their
success.

Leading from the Second Chair
Feb 18 2020 They say it's
lonely at the top. And it can be
even lonelier when you are
almost at the top. Church
leaders who hold second-chair
positions are under
tremendous pressure. They are
expected to do their jobs and
provide leadership but to defer
to the top leader too. It's a
demanding balancing act. How
can they lead effectively while
serving under someone else's
leadership? Leading from the
Second Chair offers an
invaluable resource to leaders
who serve in second- (and
third- and fourth-) chair roles,
enabling them to become more
productive, proactive, and

fulfilled. The book reveals the paradoxes of second chair leadership. These leaders must be subordinate to the top leader yet lead in their own right. They should be deep in their expertise but wide in perspective. And they must be content in their jobs yet remain enthusiastic about their dreams for the future. Mike Bonem and Roger Patterson share their own and others' experiences of failure and success in this vital role. They offer support and practical advice for reshaping the way second-chair leaders can serve well and improve the overall performance of their church or organization. Leading from the Second Chair equips readers with the positive attitudes, skills, and strategies needed to become powerful leaders who will survive and thrive in God's service.

Becoming a Welcoming

Church Dec 18 2019 Most church members don't see their churches clearly. In almost all of Thom S. Rainer's consultations, church members perceive their church to be

friendly. But as he surveyed guests, he found that the guests typically saw church members as unfriendly. The perception chasm existed because the members were indeed friendly . . . to one another. The guests felt like they crashed a private party. Bestselling author Thom Rainer (I Am a Church Member, Autopsy of a Deceased Church) has a game plan for churches to become more hospitable. In a format that is suitable for church members to read individually or study together, Rainer guides readers toward a practical framework for making a difference for those who visit their church. Churches may use *Becoming a Welcoming Church* to assess and audit where they are on a spectrum between welcoming and wanting. Additionally, churches can use the companion book *We Want You Here* to send guests home with a compelling vision for what pastors want every guest to know when they visit.

Who Moved My Pulpit? Jun 04 2021 Who Moved My Pulpit?

may not be the exact question you're asking. But you're certainly asking questions about change in the church—where it's coming from, why it's happening, and how you're supposed to hang on and follow God through it—even get out ahead of it so your church is faithfully meeting its timeless calling and serving the new opportunities of this age. Based on conversations with thousands of pastors, combined with on-the-ground research from more than 50,000 churches, best-selling author Thom S. Rainer shares an eight-stage roadmap to leading change in your church. Not by changing doctrine. Not by changing biblical foundations. But by changing methodologies and approaches for reaching a rapidly changing culture. You are the pastor. You are the church staff person. You are an elder. You are a deacon. Think, Act, Be Like Jesus Oct 20 2022 The Bible teaches that the goal of the Christian life is to become like Jesus—for our own personal growth and for the sake of others. Every believer needs to ask three big questions: What do I believe? What should I do? And who am I becoming? In *Think, Act, Be Like Jesus*, bestselling author and pastor Randy Frazee helps readers grasp the vision of the Christian life and get started on the journey of discipleship. After unfolding the revolutionary dream of Jesus and showing how our lives fit into the big picture of what God is doing in the world, Frazee walks readers through thirty short chapters exploring the ten core beliefs, ten core practices, and ten core virtues that help disciples to think, act, and be more like Jesus Christ. This compelling new book can be used in conjunction with the 30-week all-church Believe

campaign or read separately as an individual study. Either way, readers will deepen their understanding of what it means to not just know the Story of God, but to live it.

Kingdom Come Jul 05 2021 Are you more passionate than ever about following Jesus, but not sure you're fully where he wants you to be? Are you a ministry leader determined not just to change the church scorecard, but the whole game? Do you dream of being the hands and feet of Jesus by serving your community in key, practical ways? Then you have a Kingdom heart—and whether you know it or not, you're working to see the Kingdom come. In *Kingdom Come*, thought leader and church ministry consultant Reggie McNeal asks the provoking question: How do we get from where we are to where God wants us to be? He addresses both why the church must realign its mission with God's Kingdom agenda and how church leaders can implement this strategic shift. Through personal stories, scriptural

exploration, and examples of church engagement in Kingdom activity, Reggie offers inspiration as well as insight into how you can get in on and help lead the Kingdom movement currently underway. Discover how you can play a key role in helping the Kingdom come—here and now—right where you are.

Missional Renaissance Jan 23 2023 Reggie McNeal's bestseller *The Present Future* is the definitive work on the "missional movement," i.e., the widespread movement among Protestant churches to be less inwardly focused and more oriented toward the culture and community around them. In that book he asked the tough questions that churches needed to entertain to begin to think about who they are and what they are doing; in *Missional Renaissance*, he shows them the three significant shifts in their thinking and behavior that they need to make that will allow leaders to chart a course toward being missional: (1) from an internal to an external

focus, ending the church as exclusive social club model; (2) from running programs and ministries to developing people as its core activity; and (3) from professional leadership to leadership that is shared by everyone in the community. With in-depth discussions of the "what" and the "how" of transitioning to being a missional church, readers will be equipped to move into what McNeal sees as the most viable future for Christianity. For all those thousands of churches who are asking about what to do next after reading *The Present Future*, *Missional Renaissance* will provide the answer.

It Takes a Church to Baptize

Apr 21 2020 The issue of baptism has troubled Protestants for centuries. Should infants be baptized before their faith is conscious, or does God command the baptism of babies whose parents have been baptized? Popular New Testament scholar Scot McKnight makes a biblical case for infant baptism, exploring its history, meaning,

and practice and showing that infant baptism is the most historic Christian way of forming children into the faith. He explains that the church's practice of infant baptism developed straight from the Bible and argues that it must begin with the family and then extend to the church. Baptism is not just an individual profession of faith: it takes a family and a church community to nurture a child into faith over time. McKnight explains infant baptism for readers coming from a tradition that baptizes adults only, and he counters criticisms that fail to consider the role of families in the formation of faith. The book includes a foreword by Todd Hunter and an afterword by Gerald McDermott.

People are leaving the church J.D. Greear pastors. Big givers. Key volunteers. Some of his best leaders and friends. And that's exactly how he wants it to be. When Jesus gave his disciples the Great Commission, he revealed that the key for reaching the world with the gospel is found in sending, not gathering. Though many churches focus time and energy on attracting people

and counting numbers, the real mission of the church isn't how many people you can gather. It's about training up disciples and then sending them out. The true measure of success for a church should be its sending capacity, not its seating capacity. But there is a cost to this. To see ministry multiply, we must release the seeds God has placed in our hands. And to do that, we must ask ourselves whether we are concerned more with building our kingdom or God's. In *Gaining By Losing*, J.D. Greear unpacks ten plumb lines that you can use to reorient your church's priorities around God's mission to reach a lost world. The good news is that you don't need to choose between gathering or sending. Effective churches can, and must, do both.

Anatomy of a Revived Church Oct 16 2019 There is hope. God can save your church. In this book, Thom Rainer reveals seven findings of revived churches. Through new research, he figuratively dissects hundreds of churches that were on the path toward death. But they turned around. They revitalized. They did so in the face of facts and naysayers who told them it could not be done. Today, three out of four churches are declining in our nation, and twenty percent of churches are close to death. What are the secrets of the churches who avoided this fate and experienced revival? In *Anatomy of a Revived Church*, Thom will show you how these

churches experienced renewal. He will cover everything from "expanding the scorecard" to "dealing with toxins" to "choosing meaningful membership." When you finish reading this book, you will have the tools to strengthen, restore, and energize your church. You can choose life for your church.

So Beautiful Aug 26 2020 In this seminal work, Sweet shares how three strands form the church: missional, relational, and incarnational. He calls for the re-union of these three essential, complementary components of Christian life.

Developing and Evaluating a Personal Scorecard for a "missionary Disciple" at the Journey Church of

Summerville, SC Sep 26 2020

DiscipleShift Feb 12 2022

Question: What is the God-given purpose of the local church? Answer: Relational discipleship. *DiscipleShift* walks you through five key "shifts" that churches must make to refocus on the fundamental biblical mission of

discipleship. These intentional changes will attract the world and empower your church members to be salt and light in their communities. Over the last thirty years, many influential church leaders and church planters in America have adopted various models for reaching unchurched people. While many of these approaches have merit, something is still missing, something even more fundamental to the mission of the church: discipleship. Making disciples—helping people to trust and follow Jesus—is the church's God-given mandate. Devoted disciples attract people outside the church because of the change others see in their Christ-like lives. And discipleship empowers Christians to be more like Christ as they intentionally develop relationships with non-believers. Through biblical and professional insights, Jim Putman and Bobby Harrington discuss the transformational effectiveness of making disciples and just how to do so,

in practical terms. You'll learn: The specific roles of a disciple-making pastor. The components of person-to-person discipleship. How each ministry in your church leads to discipleship. How to implement discipleship in your church. Disciple-making leaders will not produce perfect churches, but they will create effective churches. [Becoming a Level Five Multiplying Church](#) Jan 31 2021 [Becoming a Level Five Multiplying Church](#) continues a conversation started in the Exponential book Spark: Igniting a Culture of Multiplication, drilling down into more detail focusing on how we can each play our part in moving the needle on church multiplication. While Spark introduced these three core elements of culture, in this book Todd and Dave press more deeply into how we live them out. In this expanded version, Alan Hirsch also provides an additional chapter and comments throughout the book. Focusing on the specifics of helping churches identify

where they are on the multiplication scale (Levels 1 - 5) and what's needed to become a Level 5 multiplying church, Todd and Dave champion multiplication and equip future church multipliers to move beyond the prevailing addition-growth scorecards. The bottom line, the authors say, is that we need to rethink the operating system that's producing growth but not producing multiplication--and aim for more healthy Kingdom growth that's focused on multiplication.

Transformational Church Jan 19 2020 How are we doing? The church, that is. And how are we doing it? Congregations have long measured success by "bodies, budget, and buildings"--a certain record of attendance, the offering plate, and square footage. But the scorecard can't stop there. When it does, the deeper emphasis on accountability, discipleship, and spiritual maturity is lost. Ignoring those details, we see fewer lives transformed, Christian influence wane, and churches

thin out--a situation that is all too familiar across North America today. It is time to take heart and rework the scorecard. According to Ed Stetzer and Thom S. Rainer, the authors of *Transformational Church*, "Too often we've highlighted the negative realities of the declining American church but missed the opportunity to magnify the God of hope and transformation." Based on the most comprehensive study of its kind, including a survey of more than 7,000 churches and hundreds of on-site interviews with pastors, *Transformational Church* takes us to the thriving congregations where truly changing lives is the norm. Stetzer and Rainer clearly confirm the importance of disciple making for all through active biblical engagement and prayerful dependence on God alongside of ever-increasing, intentional participation in mission and ministry activities. As the church engages these issues, the world will see the change: * More people following Christ * More

believers growing in their faith
* More churches making an impact on their communities
The transformation starts now.
Get Off Your Donkey! Sep 07 2021
Jesus had little patience with institutional religion that cared for its own needs while neglecting the plight of ordinary people. In one of his most famous parables, he sets up as a model of Christian behavior a man who, unlike some religious folks, actually gets down off his donkey and helps a person in dire need. With energy and enthusiasm, Reggie McNeal calls believers to dismount, get down and dirty, and live a life that makes a difference. He shows readers how to recalibrate their spiritual efforts to move from church-centric service to greater community engagement in order to do their essential part in creating a world worth living in. McNeal also shows readers that helping others actually helps the one doing the service just as much as the one being served. In fact, serving is the very best way to learn about yourself and

grow spiritually. Anyone who longs to have the impact on the world that Jesus did will love this provocative and inspirational message.

Growing True Disciples Oct 28 2020
Christ's command to the church is clear: "Go, therefore, and make disciples of all nations..." It is in building disciples--helping others to embrace Jesus Christ as Savior and Lord, mature in him, and then lead others to do the same--that the Kingdom grows. And when the Kingdom grows, churches do, too. In *Growing True Disciples*, respected author and researcher George Barna helps pastors and leaders assess how their churches are doing in fulfilling their role as disciplemakers. And he reveals models and examples that will equip churches to dramatically increase their effectiveness. As a result, your church can begin to see more involved members who want to live out their faith in submission to God, and joyfully share their resources to fulfill Christ's commission.

The Sending Church Nov 28

2020 When crowds refused to disperse at Elvis Presley concerts in hopes of another encore from the king of rock and roll, the announcement that "Elvis has left the building" had to be made.

Pastor Pat Hood recalls from childhood one such performance that came to his hometown, and with his new book *The Sending Church* he makes a similar declaration: "The church must leave the building." Indeed, our lives should be "sent" in worship to the King of kings, spreading out from our weekly gathering places to extend God's Kingdom worldwide. To that end, Pastor Hood shares stories from his experiences at LifePoint Church, a congregation with smalltown roots that has also planted churches in Bangkok, Thailand, and Brussels, Belgium, among other places. How does man's heart move closer to God's heart? How do we "live sent" in our community or halfway

around the world? What good things that happen in church life might actually threaten to obscure the greater things being orchestrated by God? How does everyone at church move from being a member to a missionary? Find out in *The Sending Church*.

Future Church Dec 10 2021

Church growth models have often been long on promises and short on disciple-making. We continue to watch consistent church attendance shrink, and our desire to reach the lost is infected with a need for self-validation by growing our numbers at any cost. If we

believe that God wants his church to grow, where do we go from here? What is the future of the church? Drawing from his 20 years and 15,000 hours of consulting, author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth. With plenty of salient stories and based solidly on the disciple-making methods found in Scripture, *Future Church* exposes the church's greatest challenge today, and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus's Great Commission.

[Our Black Year](#) Nov 16 2019 Maggie and John Anderson were successful African American professionals raising two daughters in a tony suburb of Chicago. But they felt

uneasy over their good fortune. Most African Americans live in economically starved neighborhoods. Black wealth is about one tenth of white wealth, and black businesses lag behind businesses of all other racial groups in every measure of success. One problem is that black consumers--unlike consumers of other ethnicities-- choose not to support black-owned businesses. At the same time, most of the businesses in their communities are owned by outsiders. On January 1, 2009 the Andersons embarked on a year-long public pledge to "buy black." They thought that by taking a stand, the black community would be mobilized to exert its economic might. They thought that by exposing the issues, Americans of all races would see that economically empowering black neighborhoods benefits society as a whole. Instead, blacks refused to support their own, and others condemned their experiment. Drawing on economic research and social history as well as her personal

story, Maggie Anderson shows why the black economy continues to suffer and issues a call to action to all of us to do our part to reverse this trend.
