*AQA Biology: A Level* Nov 16 2022 Please note this title is suitable for any student studying: Exam Board: AQA Level: A Level Subject: Biology First teaching: September 2015 First exams: June 2017 Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course whilst delivering the maths, practical and synoptic skills needed to succeed in the new A Levels and beyond. The book uses clear straightforward explanations to develop true subject knowledge and allow students to link ideas together while developing essential exam skills.

*The Hate U Give* Mar 28 2021 Read the book that inspired the movie! Sixteen-year-old Starr lives in two worlds: the poor neighbourhood where she was born and raised and her posh high school in the suburbs. The uneasy balance between them is shattered when Starr is the only witness to the fatal shooting of her unarmed best friend, Khalil, by a police officer. Now what Starr says could destroy her community. It could also get her killed. Inspired by the Black Lives Matter movement, this is a powerful and gripping novel about one girl's struggle for justice.

*AQA A-level Psychology* Aug 21 2020 AQA Approved Equip your students with the knowledge and the skills that they need for the new AQA Psychology AS and A-level; guidance on assessment objectives, activities and clear, comprehensive coverage consolidates understanding and develops key skills to ensure progression - Thoroughly engage your students with Psychology at AS and A-level through extensive real-life contemporary research - Ensure your students learn and understand content for all the key topics with popular clear, accessible style from Jean-Marc Lawton and Eleanor Willard - Help your students understand the assessment objectives and develop their examination skills with assessment guidance and checks throughout and practice questions - Ensure progression and encourage independent thinking with extension suggestions and activities - Supports co-teaching of AS and year one A-level for the new AQA specification

The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

**The Adventure of the Speckled Band May 30 2021** Sherlock Holmes, the world's "only unofficial consulting detective", was first introduced to readers in *A Study in Scarlet* published by Sir Arthur Conan Doyle in 1887. It was with the publication of *The Adventures of Sherlock Holmes*, however, that the master sleuth grew tremendously in popularity, later to become one of the most beloved literary characters of all time. In this book series, the short stories comprising *The Adventures of Sherlock Holmes* have been amusingly illustrated using only Lego® brand minifigures and bricks. The illustrations recreate, through custom designed Lego models, the composition of the black and white drawings by Sidney Paget that accompanied the original publication of these adventures appearing in *The Strand Magazine* from July 1891 to June 1892. Paget's iconic illustrations are largely responsible for the popular image of Sherlock Holmes, including his deerstalker cap and Inverness cape, details never mentioned in the writings of Conan Doyle. This uniquely illustrated collection, which features some of the most famous and enjoyable cases investigated by Sherlock Holmes and his devoted friend and biographer Dr. John H. Watson, including *A Sandal in Bohemia* and *The Red-Headed League*, is sure to delight Lego enthusiasts, as well as fans of the Great Detective, both old and new. LEGO® is a trademark of the LEGO Group of Companies. The LEGO Group has not been involved in nor has it in any other way licensed or authorised the publication of this book. **THE ADVENTURE OF THE SPECKLED BAND:** A distraught young woman named Helen Stoner arrives at Baker Street early one morning to ask Sherlock Holmes for help as she fears that her life is being threatened by her stepfather, Dr. Grimesby Roylott. At Stoke Moran, the estate where Miss Stoner and her stepfather live, Holmes

carefully inspects the recent, but unnecessary, repairs to the manor-house and in doing so exposes a murderous plot.

**AQA Chemistry AS** Jan 26 2021 Covers everything you need for the AQA Chemistry AS specification, including the skills required for How Science Works and practical assessment. Learning Objectives clearly referenced to the specification throughout tell you exactly what you need to learn and understand in each topic. Includes activities to practice investigative skills with detailed notes on practical experiments. Extension materials also provide extra challenges, helping to develop key skills. Maths Skills worksheets and activities with worked examples provide practice for calculations and maths in a chemistry context.
