**Hijacking the Runway** Jul 03 2021 A fascinating chronicle of how celebrity has inundated the world of fashion, realigning the forces that drive both the styles we covet and the bottom lines of the biggest names in luxury apparel. From Coco Chanel's iconic tweed suits to the miniskirt's surprising comeback in the late 1980s, fashion houses reigned for decades as the arbiters of style and dictators of trends. Hollywood stars have always furthered fashion's cause of seducing the masses into buying designers' clothes, acting as living billboards. Now, forced by the explosion of social media and the accelerating worship of fame, red carpet celebrities are no longer content to just advertise and are putting their names on labels that reflect the image they—or their stylists—created. Jessica Simpson, Jennifer Lopez, Sarah Jessica Parker, Sean Combs, and a host of pop, sports, and reality-show stars of the moment are leveraging the power of their celebrity to become the face of their own fashion brands, embracing lucrative contracts that keep their images on our screens and their hands on the wheel of a multi-billion dollar industry. And a few celebrities—like the Olsen Twins and Victoria Beckham—have gone all the way and reinvented themselves as bonafide designers. Not all celebrities succeed, but in an ever more crowded and clamorous marketplace, it's increasingly unlikely that any fashion brand will succeed without celebrity involvement—even if designers, like Michael Kors, have to become celebrities themselves. Agins charts this strange new terrain with wit and insight and an insider's access to the fascinating struggles of the bold-type names and their jealousies, insecurities, and triumphs. Everyone from industry insiders to fans of Project Runway and America's Next Top Model will want to read Agins's take on the glitter and stardust transforming the fashion industry, and where it is likely to take us next.

**Descorchados 2015 English** Sep 05 2021 Descorchados is the main reference for South American wines. Since 1999, this guide has been analyzing the wine scene in this part of the world, giving consumers and trade an overview of what Argentina, Chile and Uruguay produce, from the most expensive to the cheapest wines; from big wine companies to tiny artisanal producers. In order to expand our coverage, this year we have included the sparkling wines from Brazil, an amazing journey you must taste. Descorchados 2015 contains: About 3,300 South American wines tasted, from 375 wineries. A summary with maps of all wine regions of Argentina, Brazil, Chile and Uruguay. All new wines and producers for each valley and viticultural area. New players in the South American wine scene and the wines they produce. Detailed tasting notes.

**Applied Logistic Regression** Jan 17 2020 From the reviews of the First Edition. "An interesting, useful, and well-written book on logistic regression models . . . Hosmer and Lemeshow have used very little mathematics, have presented difficult concepts heuristically and through illustrative examples, and have included references." —Choice "Well written, clearly organized, and comprehensive . . . the authors carefully walk the reader through the estimation of interpretation of coefficients from a wide variety of logistic regression models . . . their careful explication of the quantitative re-expression of coefficients from these various models is excellent." —Contemporary Sociology "An extremely well-written book that will certainly prove an invaluable acquisition to the practicing statistician who finds other literature on analysis of discrete data hard to follow or heavily theoretical."

—The Statistician In this revised and updated edition of their popular book, David Hosmer and Stanley Lemeshow continue to provide an amazingly accessible introduction to the logistic regression model while incorporating advances of the last decade, including a variety of software packages for the analysis of data sets. Hosmer and Lemeshow extend the discussion from biostatistics and epidemiology to cutting-edge applications in data mining and machine learning, guiding readers step-by-step through the use of modeling techniques for dichotomous data in diverse fields. Ample new topics and expanded discussions of existing material are accompanied by a wealth of real-world examples-with extensive data sets available over the Internet.

Mustang Special Editions Mar 31 2021 When Ford rolled out the Mustang in April 1964 it was an instant hit. Even with its immense popularity it didn't stop Ford Corporate, zone managers, and dealerships from taking it an extra step further. Just two short months later, the first special-edition Mustang debuted at the Indianapolis 500 tasked with pacing the race, and it's been full throttle ever since. This book examines more than 300 special-edition Mustangs from 1964 through today. Coverage includes factory offerings such as the 2001 Bullitt and SVT Cobras, regional promotions including the Twister Special, third-party tuners such as Roush and Saleen, and factory race cars including the 1968-1/2 Cobra Jets and the 2000 Cobra-R. You may find Mustangs in this book that you had no idea even existed! Never has a volume this detailed and with this many model Mustangs been offered published. The authors have taken their decades of research and logged them into a single compilation. Each Mustang is accompanied by production numbers, key features, and photos of surviving cars whenever possible. This book is sure to be a valued resource in your Mustang memorabilia collection! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Corvette Special Editions Oct 06 2021 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} When the first Corvette was introduced to the public through the travelling caravan known as Motorama, everyone knew there was something special about it. Each subsequent model continued to strengthen that position. But how do you upgrade America's favorite sports car? Make it a special edition! Special edition Corvettes are the tip of the

spear when it comes to the American auto manufacturers special models. Luminous cars such as the 1967 L88 convertible, 1969 aluminum block ZL1, and 2015 Z06 #001 have all commanded a million dollars or more. Modern dealer-tuned cars from Lingenfelter, Calloway, and Hennessey have carried the tradition of making a great Corvette even better. Extremely low mileage on 1978 Pace Cars indicate that people have thought of these cars as investments for nearly 40 years. Keith Cornett of Corvetteblogger.com compiles a murderer's row of special-edition Corvettes in this first-ever compilation on the subject. This book is an encyclopedia of information, as you will learn about some of the rarest Corvettes on the planet. It will serve as a guide if you're looking to add one of these special machines to your collection. Everything you've ever wanted to learn about collectible Corvettes is in *Corvette Special Editions*.

**The Hole in Our Gospel Special Edition** May 01 2021 What Does God Expect of Us? Is our faith only about going to church, studying the Bible, and avoiding the most serious sins—or does God expect more? Have we embraced the whole gospel or a gospel with a hole in it? Fifteen years ago Rich Stearns came face-to-face with that question as he sat in a mud hut in Rakai, Uganda, listening to the heartbreaking story of an orphaned child. Stearns's journey there took much more than a long flight to Africa. It took answering God's call on his life, a call that tore him out of his corner office at one of America's most prestigious corporations—to walk with the poorest of the poor in our world. Marking its fifth year, this anniversary edition of *The Hole in Our Gospel* features new content along with full-color graphics on poverty statistics, a guide for churches on short-term missions and international engagement, and an index of Scripture on poverty, justice, faith in action, and more. *The Hole in Our Gospel* changed people's lives, and some of those personal accounts also appear in this anniversary edition. Stearns's compelling story demonstrates that the whole gospel was always meant to be a world-changing, social revolution, a revolution that begins with each one of us. ECPA 2010 Christian Book of the Year Award Winner! "Read this compelling story and urgent call for change—Richard Stearns is a contemporary Amos crying 'let justice roll down like waters. . . .' Justice is a serious gospel-prophetic mandate. Far too many American Christians for too long a time have left the cause to 'others.' Read it as an altar call." —Eugene H. Peterson, translator of *The Message*; and Professor Emeritus of Spiritual Theology, Regent College "Rich Stearns calls us to exhilarating obedience to God's life-altering, world-changing command to reflect his love to our neighbors at home and globally. *The Hole in Our Gospel* is imbued with the hope of what is possible when God's people are transformed to live radically in light of his great love." —Gary Haugen, president & CEO, International Justice Mission "Richard Stearns is quite simply one of the finest leaders I have ever known. . . . When he became president of World Vision, I had a front row seat to witness the way God used his mind and heart to inspire thousands. . . . *The Hole in Our Gospel* will call you to a higher level of discipleship. . . . Now is the time . . . Richard Stearns has the strategy . . . your move!" —Bill Hybels, founding and senior pastor, Willow Creek Community Church "World Vision plays a strategic role on our globe. As the largest relief organization in the history of the world, it initiates care and responds to crisis. Rich Stearns navigates this mercy mission with great skill. His book urges us to think again about the opportunity to love our neighbor and comfort the afflicted. His message is timely and needed. May God bless him, the mission of World Vision, and all who embrace it." —Max Lucado, pastor and best-selling author "An urgent, powerful summons to live like Jesus. Stearns weaves solid theology, moving stories, and his own journey of faith into a compelling call to live the whole Gospel. Highly recommended!" —Ronald J. Sider, president, Evangelicals for Social Action; and author of *Rich Christians in an Age of Hunger* "With passionate urging and earnestness, Rich Stearns challenges Christians to embrace the whole Gospel of Jesus Christ by embracing the neediest and most vulnerable among us. After reading the moving stories, the compelling facts and figures, Stearns's excellent application of the Scripture, and his own experiences at World Vision, you will no doubt be asking yourself: What should I do?" —Chuck Colson, founder, Prison Fellowship

*A History of Three-Dimensional Cinema* Nov 14 2019 *A History of Three-Dimensional Cinema* chronicles 3-D cinema as a single, continuous and coherent medium, proceeding from 19th-century experiments in stereoscopic photography and lantern projection (1839–1892) to stereoscopic cinema's "long novelty period" (1893–1952). It proceeds to examine the first Hollywood boom in anaglyphic stereo (1953–1955), when the mainstream industry produced 69 features in 3-D, mostly action films that could exploit the depth illusion, but also a handful of big-budget films—for example, *Kiss Me Kate* (George Sidney, 1953) and *Dial M for Murder* (Alfred Hitchcock, 1954)—until audiences tired of the process; the anaglyphic revival of 1970–1985, when 3-D was sustained as a novelty feature in sensational genres like soft-core pornography and horror; the age of IMAX 3-D (1986–2008); the current era of digital 3-D cinema, which began in 2009 when James Cameron's *Avatar* became the highest-grossing feature of all time and the studios once again stampeded into 3-D production; and finally the future promise of Virtual Reality.

Braiding Sweetgrass Sep 24 2020 "As a leading researcher in the field of biology, Robin Wall Kimmerer understands the delicate state of our world. But as an active member of the Potawatomi nation, she senses and relates to the world through a way of knowing far older than any science. In Braiding Sweetgrass, she intertwines these two modes of awareness--the analytic and the emotional, the scientific and the cultural--to ultimately reveal a path toward healing the rift that grows between people and nature. The woven essays that construct this book bring people back into conversation with all that is green and growing; a universe that never stopped speaking to us, even when we forgot how to listen"--
