Barbarian, Witch Doctor, Wizard, Monk, & Demon Hunter are all Included! This is the most effective way to level 1-60 and make gold in Diablo 3! Gain millions of XP per hour with very little effort! In order to succeed in World of Warcraft Classic, you will need a lot of gold. In addition to the thousands of gold you will spend on your spells, mounts, gear, enchantments, and respecs, you will also need to consistently purchase large quantities of consumables and utility items to stay competitive in serious raiding/PvP. Without enough gold, you will always be outclassed by players who do have enough. However, accumulating gold is very difficult in World of Warcraft. By the time The Burning Crusade was about to launch, World of Warcraft (WoW) had 8 million active subscribers with likely millions more accounts that were created but stopped subscribing at some point. Out of the millions of players who played the game, there was not a single recorded instance of someone hitting the gold cap (~215,000 gold) on one character. This means it is more common for someone to be a billionaire in America (about 1 out of 600,000) than it is for someone to have 215,000 gold. This is why I have compiled the most comprehensive, optimal, and practical guide on gold making in World of Warcraft Classic. I played the original WoW through Wrath of the Lich King with a Hunter main and Druid alt and have played on 3 different vanilla WoW private servers where I have over 25 level 60 characters and amassed hundreds of thousands of gold among them. My love of the game evolved past raiding and PvPing and I became consumed by the economic PvP (competing against other goblins to earn more gold). With WoW Classic's release, I am happy to finally share everything I have learned about making gold. This book will cover the most optimal and practical strategies for gold making while discarding the less optimal ones that are often repeated in popular guides. This book will also include resources such as a full list of level appropriate mobs to grind while leveling, a full list of the most lucrative twink items in the level 19 and 29 brackets, a full list of the most lucrative BoE limited supply vendors to camp, a step by step action plan for the launch of Classic WoW and much much more. A deathbed confession ignites a globe-spanning race for answers in this page-turning thriller described as The Da Vinci Code meets The Bourne Identity. "They didn't have to kill him... He never drank from the altar of bones." Cryptic dying words from a murdered homeless woman in present-day San Francisco unlock a long-buried secret that alters history. Now, a pair of ruthless assassins are sent to cut the few living "loose ends." And a young, resourceful woman on the run encounters a determined man with his own connected past and vengeful agenda. Forced to partner for survival and answers, a fast-paced and deadly game of cat and mouse ensues, whisking the duo from the winding streets of Paris to the faded palaces of Budapest to the frozen lakes of Mongolia...where destiny, passion, and further betrayal await them. Jam-packed with pulse-pounding action and featuring a high-profile assassination, a doomed Hollywood legend, and guardians of an ancient religious icon housing a secret others will kill to possess, The Altar of Bones is certain to leave readers stunned and breathless. Exhaustive Bestiary, detailing every monster in the game. In-depth coverage of Heroes to maximize player effectiveness in all five Character Classes. Guide to meeting and leveling up the Blacksmith, Jeweler, and Mystic professions, and how to maximize the relationships and crafting from each Artisan. Presentation of item types, weapons, collectibles, and other loot. Plus: discussion of sets of items, how to get better loot, and manage raw materials. The only official resource to Blizzard's Online Auction House. Bid on and win rare items safely and effectively. Monster strategies will be discussed in detail as you encounter them throughout the walkthrough, featuring elemental and status information and drop lists. The guide also features a fully detailed bestiary for those who just want information about specific monsters unaccompanied by a walkthrough. Trophy/achievement information can also be found in a separate trophy/achievement guide, although be warned: many trophies/achievements in Monster Hunter World are easier said than done. Other features of this guide include: -- Information on crafting/harvesting. -- Side quests that unlock mantles, ingredients and other useful features. -- Field Researcher quests including where to catch rare fish, how to capture small monsters, and where to locate Grimalkynes/Gajalaka. -- Grimalkyne/Gajalaka quests. -- How to upgrade the Ancient Tree/Harvest Box and how to unlock various fertilizers. -- How the Elder Melder works, melding different items and decorations. -- Where to find the Powertalon and Armortalon, and how to upgrade them into the Powercharm and Armorcharm. -- Detailed information on how to unlock Tempered Monsters, the difference between Threat Level 1, 2 and 3 Tempered Monsters. -- Information on Feystones, including drop rates, the differences between the types (Mysterious, Gleaming, Worn and Warped). -- How to get Warrior's Streamstones and Hero's Streamstones. Narrative strategies for vast fictional worlds across a variety of media, from World of Warcraft to The Wire. The ever-expanding capacities of computing offer new narrative possibilities for virtual worlds. Third Person explores strategies of vast narrative across a variety of media, including video games, television, literature, comic books, tabletop games, and digital art. The contributors—media and television scholars, novelists, comic creators, game designers, and others—investigate such issues as continuity, canonicity, interactivity, fan fiction, technological innovation, and cross-media phenomena. In the vein of their cult-classic dark fantasy titles *Demon's Souls* (2009) and the *Dark Souls* franchise (2011, 2014, 2016), game developers FromSoftware released the bleak Gothic horror *Bloodborne* in 2015. Players are cast in the role of hunters in a hostile land, probing the shadowy city of *Yharnam* in search of "paleblood."
